# BRADY CALLS SEMMACHER AS WITNESS

L. A. Man Tells of Attending Party Given to Arbuckle, Which Was Followed by Death of Movie Actress

Mrs. Bambina Delmont, Who Brought Charge of Murder, Is Expected to Testify At Hearing; Doctor Questioned

SAN FRANCISCO, Sept. 23.—Al Semmacher, formerly the manager of Virginia Rappe, in connection with whose death Roscoe "Fatty" Arbuckle faces a charge of murder in the first degree, was the first witness called when the preliminary examination of the film star opened before Police Judge Sylvain Lazarus late today. Semmacher took the stand in the role of the prosecution's star witness.

The courtroom was filled to overflowing. With the exception of court attaches, attorneys and newspapermen, women were the only ones admitted.

Arbuckle entered just a few minutes before 2 o'clock. He appeared cheerful and took the same seat as he occupied yesterday with his attorneys and wife and mother-in-law.

SPECTATORS WAITED HOURS IN COURTROOM.

Deputy District Attorney Milton U'ren examined the witnesses and Frank Dominguez, chief counsel for the defense, was preparing to put them through a grueling cross-examination when they were turned over to him.

The spectators, who had been admitted by passing on, had been waiting in and about the building for the most part since 9 o'clock this morning. Most of them carried their lunches.

Dr. Semmacher, who was Miss Rappe's manager, attended the party in Arbuckle's suite at the Hotel St. Francis from which ensued the death of Miss Virginia Rappe, with whose murder Arbuckle is charged.

He began the story of his arrival in San Francisco with Miss Rappe and Mrs. Bambina Delmont from Los Angeles.

STATE MAY NOT EXCISE TODAY.

The late hour of convening made it doubtful whether the state could complete its case today as had been planned. Assistant District Attorney Milton U'ren, who is handling the court proceedings, said that every effort would be made to complete presentation of the state's case before adjournment tonight.

Chief Counsel Frank Dominguez set up the theory that Miss Rappe merely collapsed from alcoholic excesses while in Arbuckle's room and that the injury which caused her death developed later.

The initial session yesterday was comparatively brief—a little over two hours—at which four witnesses were heard.

They included Dr. Shelby Strange, official autopsy surgeon; Dr. William Ophuls, who made an unofficial autopsy; Miss Grace Halston, a nurse who assisted in the autopsy performed by Dr. Ophuls; and Dr. R. Hennessy, board of health employee, who certified to Miss Rappe's death.

NAMES OF THREE NEW WITNESSES MENTIONED.

According to an announcement by District Attorney Matthew Brady, Dr. Arthur Beardslee, one of the first doctors to attend Virginia Rappe, is being brought to the Hall of Justice to be questioned. He was released today. His testimony is regarded as important.

Search was under way today for three new witnesses. Information reached the district attorney that a named Barron, a woman named Lewis and another unidentified woman had attended Arbuckle's hotel party. Their names had not hitherto figured.

Mother, Widow Get Estate; Brother Out

Mary Cumble, widow, and Kila Cumble, mother of John Cumble, both residents of Oakland, today divide his estate between them as the result of a decision handed down by Superior Judge Joseph Koford this morning. Cumble's brother, Benjamin Cumble, who had been named as executor of Cumble's estate, was named as beneficiary here in Oakland prior to his death on March 6, 1920, will receive nothing.

The day following Cumble's death his brother brought a signature card to the Oakland Bank of Savings which would make Cumble's bank the executor of Cumble's estate. Cumble's brother, Benjamin Cumble, declared this was because he had held his dying brother's hand and helped him make his will. Judge Koford ruled in favor of the public administrator.

Church Attendance Is Fine for Gambling

LEAD WIRE TO TRIBUNE.

DENVER, Sept. 23.—Julius Epstein, former secretary of the old Denver Western League baseball club, was sentenced to attend church every Sunday for six months in lieu of a fine and jail sentence for gambling and keeping a gambling house.

# U. C. Chimes Are Declared "a Pest" And Unmusical

BERKELEY, Sept. 23.—Not only are the Campanile chimes unmusical, but they are "a pest," declares Professor J. Loewenberg of the university philosophy department.

"In my opinion," says the professor, "the chimes may be likened to a form of tyranny. When they were placed on the campus the community was not consulted and everyone is forced to listen to them or leave town. Far from being musical the chimes are harsh and metallic. The pieces played are not adapted to such an instrument. The sounds produced are offensive to the ear."

Moreover, says the philosophy professor, the Berghman bust of Lincoln in its present position on the south side of the Campanile is a "disgrace."

"This bust plastered against the side of the tower is an insult to Lincoln and is certainly not very pleasant to look upon," he avers. "But one doesn't need to look at it. You can avoid the sight of the bust, but you can't shut out the sound of the chimes."

NEW WARRANT IN HESLIN MURDER CASE IS HELD UP

Charge Made Against Convict Bender Declared by Swart to Be Hoax.

SAN FRANCISCO, Sept. 23.—Though a complaint has been sworn to before Justice of the Peace Ellis Johnson of Colma, accusing David Bender, Baltimore convict, of the murder of Father Heslin, the matter of issuance of a warrant for Bender's arrest on that charge is still the subject of consultation between the authorities.

Bender, who had escaped from a Maryland penitentiary, was found in this city and returned to Baltimore last week in charge of police officers. A complaint against Bender was filed by J. Harry Dunlap, private detective, who states he has reason to believe that Bender is the "small, dark foreigner" who called at Father Heslin's home and abducted him.

Dunlap has been working on this theory under directions of William Heron, attorney for William Hightower, who is in the Redwood City jail awaiting trial for the murder of the priest. Dunlap bases his complaint against Bender on the ground that the convict corresponds to a description of the mysterious foreigner and that he wore an overcoat such as described by Father Heslin's housekeeper and as worn by a man who fled with a suitcase with a foreign accent.

A friend of Bender, Miss Joyce Clark, was drawn into the case by Dunlap, who stated that she had been to the mysterious "Dolly Mae" from whom Hightower is supposed to have obtained the clew to Father Heslin's disappearance. Clark was subsequently confronted with Hightower, who said that he had never seen her before.

Miss Clark also told District Attorney Charles F. Dominguez that she could produce an alibi for Bender on the night of Father Heslin's disappearance. She said that Bender did not speak with a foreign accent.

Swart declares that the introduction of Bender into the case is a hoax and that he may proceed against Dunlap on that score.

# LOSS TO STATE BY FOREST FIRES SHOWS DECREASE

California has suffered fewer forest fires this season than during any other year since 1910.

According to a statement by the forest service, unless there is a dry spell all look-out stations will be closed during the first ten days in October.

Of the 500 forest fires in the state this season, half that number were confined to an area of half an acre, while 220 did not burn over more than ten acres. The total loss is estimated at \$150,000, while the loss of last year was estimated at \$180,000.

# Missing Student May Be Hazing Victim

BY ASSOCIATED PRESS.

CHICAGO, Sept. 23.—A squad of Evanston police and students of Northwestern University student body searched for a missing student in the north of Chicago today near Leighton Mount, 18.

According to reports, several freshmen were captured by the sophomores, taking to the edge of woods, forced to undress and abandoned. It is thought that Mount may have been among this number and that, fearful to emerge from the woods unclothed, he may have been overcome by exposure.

# U. S. Ambassador to Meet Japan Royalty

LEAD WIRE TO TRIBUNE.

TOKYO, Sept. 23.—Ambassador Tokyo Becher Warren, Mrs. Warren and his staff will be presented to the crown prince and the empress at the imperial palace Saturday.

The empress is returning from her summer palace at Nikko to meet Mrs. Warren. Ambassador Warren has been having a busy round of official duties since his arrival from the United States.

# PEACE PACTS APPROVED BY 9 TO 1 VOTE

Senate Foreign Relations Committee Orders Favorable Report on U. S. Treaties With Germany, Austria

Borah Is Only Dissenter and Three Democrats Vote With Republicans; Reservation On American Delegate

BY ASSOCIATED PRESS.

WASHINGTON, Sept. 23.—Favorable report on the peace treaties between the United States and Germany, Austria and Hungary was ordered today by the Senate foreign relations committee.

Senator Borah, Republican, Idaho, leader of the fight against the treaty, was the only member to vote against reporting the treaties. Before reporting the three pacts, the committee adopted a reservation requiring that Congress pass an act for appointment of an American representative on the allied commissions by the President with the advice and consent of the Senate.

Another reservation adopted by the committee presented by Senator Pomerene, Democrat, Ohio, provided that protection given the United States government in property interests should apply also to American nationals.

VOTE ON TREATIES IS NINE TO ONE.

The vote on reporting the treaties favorably was 9 to 1, the supporters of the treaties including six Republicans and three Democrats. All of the members present except Senator Borah, who cast the sole negative vote. The Republicans voting for the treaties were Senators Lodge, Cushman, Johnson, and Brandegee. The Democrats voting for the treaties were Senators Pomerene, Johnson, and Kellough.

The three Democrats were Senators Swanson, Virginia; Pomerene, Ohio; and Shields, Tennessee. Senator Johnson, California, who was allied with Senator Borah in the fight against the Versailles treaty, was the only dissenter.

Senator Borah's contentions that the treaties were likely to involve this nation in European affairs, Senator Shields also was one of the irreconcilable opponents of the treaties. He today supported the new treaties.

RESERVATION SIMILAR TO LODGE PROPOSAL.

The reservation requiring an act of Congress for the appointment of an American representative on allied commissions was similar to No. 7 of the original Lodge reservations to the Versailles treaty. The reservation was drafted by Senator Lodge with incorporation of suggestions by Senators Johnson and Brandegee.

The resolution of ratification of the Versailles treaty, the reservation finally evolved provides: Resolved (two-thirds of the senators present concurring therein), that the Senate advise and consent to the ratification of the treaty between the United States and Germany, signed at Berlin, August 25, 1921, to restore the friendly relations existing between the two nations prior to the outbreak of war, subject to the understanding which the United States shall not be represented or participate in any commission, or shall any person represent the United States as a member of any body, agency or commission in which the United States is authorized to participate by this treaty, unless and until an act of Congress of the United States shall provide for such representation or participation.

ON PARTICIPATION.

Senator Johnson insisted that the reservation should include "participation" as well as representation.

BY ASSOCIATED PRESS.

MASSACHUSETTS, Sept. 23.—Three masked bandits held up the cashier of the Butcher's and Drovers' Bank at 1 p. m. today and forced him to hand over \$11,000 in cash. An alarm was raised and the bandit who was carrying the booty was captured and the money recovered by pursuing police.

# Mrs. Calvert, Former Noted Actress, Dies

LONDON, Sept. 23.—The death is announced of Mrs. Charles Calvert, the actress.

Mrs. Calvert was born in 1836 and went on the stage at the age of seven. In addition to having won fame in England and the provinces, she was well known in the United States many years ago.

# World's Fastest Flyer Is Killed In Speed Contest

ETAMPES, France, Sept. 23.—(By the Associated Press.)—Captain Bernard De Romanet, the noted French aviator, holder of the world's speed record for one kilometer, was instantly killed here today while taking part in an elimination race for the Deutsch de la Meurthe cup.

The canvas on Romanet's machine tore while he was flying more than 180 miles an hour at a height of 650 feet, and the plane fell. The machine was a biplane, from which the lower plane had been removed for greater speed.

Captain de Romanet's world record for speed was established on November 4 last, when at the Buc Air-drome near Paris, he flew over a measured kilometer at the rate of 309 kilometers, 12 meters per hour, (about 193 miles), covering the distance in 11 65-100 seconds.

# French Suspect Munitions Made At Oppau Plant

Paris Believes Explosion May Have Resulted From clandestine Operations.

BY ASSOCIATED PRESS.

PARIS, Sept. 23.—French government chemists have begun an investigation at Oppau, Germany, where several hundred persons were killed by an explosion on Wednesday morning to determine if chemicals and munitions had been clandestinely made there, says a Mayence despatch to the Journal.

BERLIN, Sept. 23.—More than 21,000,000 marks have been appropriated for the relief of stricken families at Oppau.

The shooting occurred on the street of Echternach, near the town of Oppau, where the Badische Anilin- und Fabrik company's plant blew up, killing approximately 1200 persons and injuring about 2000 others.

A number of victims were blinded by the poisonous chemical fumes that filled the air after the explosion. Forty persons, all blinded, have been removed to a hospital at Heidenberg for treatment.

The mystery is still being searched for corpses while an investigation is under way to determine the exact cause.

# \$100,000 Raised for Widow of F. K. Lane

NEW YORK, Sept. 23.—A fund of \$100,000 has been raised among friends of the late Franklin K. Lane, former secretary of the interior, the income of which will be paid to Mrs. Lane for life.

He died last May at Rochester, Minn., and left practically no estate. At Mr. Lane's death the principal of the fund will be used as a memorial to her husband, probably an educational institution.

The fund was raised without public solicitation. Herbert Hoover, Franklin D. Roosevelt and Adolph C. Miller, the last named a member of the federal reserve board, have been named as trustees of the fund.

Subscriptions poured in, all of them from persons who knew Lane and admired him for his personal qualities and his career as a public official.

# Victims of Wreck On Atlantic Saved

BY ASSOCIATED PRESS.

NEW YORK, Sept. 23.—Word of a shipwreck in the Atlantic on the southern steamship lanes was received today from the crew of the steamer Cabo Cruz that it was bringing thirty wreck victims here.

Captain Juan Seavida of the Cabo Cruz, who was on duty at the time of the wreck, said the following radio: "Will arrive Sunday 26th with thirty shipwreck victims."

The Xbarra line, owners of the ship, immediately wirelessed for more details.

# Explorers Reach Extreme North

NOME, Alaska, Sept. 23.—Debaration on Wrangell Island, north of Siberia, of the advance party sent to the Arctic regions by Vilhjorð Stefansson, the Canadian explorer, was reported here yesterday by the power schooner Eve, returning from the polar north.

The schooner brought the news that the landings had been successful. The last seen of the explorers were in good health, and eager to make a detailed study of the black places stretching above Asia. The voyage was made without encountering ice.

# City Council Plans To Buy Golf Course

By an unanimous vote the city council today passed a resolution instructing City Attorney Leon Gray to draw up contracts for the purchase of the Vargan ranch, north of Lake Tahoe, consisting of 2444 acres, for a municipal golf course. The resolution was passed after Jay B. Nash, superintendent of Oakland's recreation department, had recommended the purchase, along with F. E. McGurran and Major A. P. Crist. The purchase price is \$27,000. The city has an option on the property until October 15.

# Labor Is Asked To Join Demonstrations

WASHINGTON, Sept. 23.—Labor organizations in Great Britain, France, Italy and Japan were asked to join in "world-wide demonstrations for disarmament" on Armistice Day, when the armament conference assembled, in cablegrams sent out today by Samuel Gompers, president of the American Federation of Labor.

# HERESS SHOT BY JEALOUS S. F. DIVORCEE

Daughter of Millionaire Shoe Manufacturer Wounded by Girl Who Slays Herself; "Pace Too Fast," She Writes

Suicide Asks That Body Be Cremated and Ashes Sent to Coast; Appeals to Parent for Pardon A Farewell

NEW YORK, Sept. 23.—Driven mad by the "high life" of New York, Mrs. Grace Jones of San Francisco today shot and seriously wounded Miss Hannah and John S. Borland, an exporter, emerged from the residence of a friend, where they had spent the evening.

Police found Borland sitting beside the millionaire's car on the door-step, trying to staunch the flow of blood from her wounds.

The first theory was that Miss Lane, who was a friend of Mrs. Borland, suddenly confronted them and started shooting Miss Hannah, with bullets in her arm and chest, ran a few yards and then collapsed on a doorstep.

The other woman put the muzzle of the pistol in her mouth and pulled the trigger. She fell dead in an armchair.

# Russ Ask Makno's Surrender Demand Sent to Rumania Lithuania Is Also Cautioned

RICA, Latvia, Sept. 23.—(By the Associated Press.)—A note demanding that Rumania surrender General Makno, anti-Bolshevik leader in the Ukraine, together with his followers, as "common criminals," has been dispatched to Rumania by the Soviet authorities, it was announced in a wireless message from Moscow today.

The forces of General Makno, anti-Bolshevik leader in the Ukraine, have been defeated by Soviet cavalry, the wireless reported. Most of General Makno's men were killed, the message asserted, adding that General Makno himself, with fifty or sixty of his followers, escaped and crossed the frontier into Bessarabia, where they were disarmed.

LONDON, Sept. 23.—M. Titcher, Soviet foreign minister, has handed the Lithuanian representative at Moscow a note saying that the Soviet government has observed a fresh attempt to organize an attack on Russia and that the negotiations at Geneva have caused the Russians to fear Lithuania may become involved.

The note warns Lithuania to give attention to this caution.

# Russ Industry to Hungary Must Be Returned to Private Owners

Revolution of Sweeping Character Is Decided On, Says Red Leader.

BY ASSOCIATED PRESS.

CUTTED PRESS Staff Correspondent.

MOSCOW, Sept. 23.—The Soviet government has decided to return to private capital all industries throughout Russia save four railroads, metallurgical, textile and fuel concerns. Mr. Kamenev, head of the Moscow Soviet, and member of the Bolshevik cabinet, declared in an interview with the United Press today.

The complete scope of the Soviet's new economic policy was outlined by Kamenev, who declared Russia is on the eve of a national reorganization of a most sweeping character which will include reinstallation of a large part of the capitalist machinery abolished in the revolution of 1917.

COMMUNISM FAILS TO FUNCTION, HE SAYS.

Kamenev, who was formerly Russian trade representative in London and is now one of the real powers in the Bolshevik government, told in simple English the story of Russia's realization that communism could not be a permanent state and of the determination of the present government to completely reorganize Russia's national and industrial life and to make way for capitalism.

A small man, with a long flowing brown beard, Kamenev is not the fiery figure of Lenin, but he will exercise almost equal power when the new regime is formed.

"Private banking is to be restored in Russia, but on a co-operative basis," Kamenev said. "The National Bank of Russia will open within a few days with a charter identical with that of the Bank of France. It will resemble the national banks of the United States and will have no connection with foreign nations will be permitted."

"All restrictions upon private commercial and industrial activity will be removed forthwith," Kamenev said. "We realize now it has proved impossible to restrict private enterprise to such extremes if it had not been for war conditions compelled from measures to preserve the Soviet's existence."

Retention of public utilities has established a foundation, the Soviet leader said, wherein the government can build a new state. At the same time it is considered that control of national agencies is still necessary for defense of the country.

# \$190 Missing After Friend Pays Visit

Joseph Ferlie is regretting that he did not put his money in the bank for safe keeping instead of lending it to a friend.

Joseph Ferlie, 34, of 5410 Broadway, said today that he was missing \$190 that he had lent to a friend, who he said was a woman, and who he said was a woman, and who he said was a woman.

The police announced an examination of Mrs. Lawrence's stomach which he made to determine if she had been drugged and committed suicide. In an effort to save Miss Hanan's life a blood transfusion was made.

SISTER DENIES JEALOUSY WAS CAUSE.

SAN FRANCISCO, Sept. 23.—Mrs. M. E. Dittmar of San Francisco told newspapermen today that she was not the cause of the shooting of her sister, Miss Hanan, and that jealousy was the motive for the shooting.

# S. F. Women Flock To Lecturer's Trial

SAN FRANCISCO, Sept. 23.—Mrs. Bessie McGarry, religious lecturer, appeared today before Police Judge Lazarus charged with disturbing the peace. The courtroom was crowded with women anxious to hear the proceedings.

Mrs. McGarry was refused to move on at the instance of Police Sergeant Cavanaugh of the Mission station. The woman had been addressing a meeting at American hall, Twenty-first and Capp streets, and called the police to eject her of her audience who resented her criticism of a certain religious denomination. She had the clerical of a riot of nearly a thousand women. Today in the police court she was represented by Attorney W. A. Dole and much of the evidence was heard. The court continued the matter until Tuesday for decision.

# UNIONS OFFER SETTLEMENT IN OIL FIGHT

Peace Without Victory Urged in Wire From Strikers to Ex-Chairman of Producers; U. S. Moves to Avert Tie-up

Strikers' Chiefs Seriously Considering Withdrawal of Patrols, Following Parley With Governor's Secretary

BAKERSFIELD, Sept. 23.—The striking oil workers of Kern county telegraphed Albert Well, former chairman of the Oil Producers' Committee, and a well-known producer, asking him to see whether the strikers could not be brought to an end and "peace" secured so that production might be resumed.

The telegram was signed by W. J. Yarrow, union advisor, and E. B. Daniels, secretary.

Field workers employed by the Standard Oil Company in the Kern county fields reported here today that there were being laid off in large numbers and that to one instance a superintendent had told them he had instructions to shut down production for six months.

BY ASSOCIATED PRESS.

BAKERSFIELD, Sept. 23.—A conference today with Walter Yarrow, advisor of the oil workers, Martin Madsen, secretary to Governor Rockwell, formally requested that the "law and order" patrols be disbanded.

"Would that mean the companies would be free to bring in non-union men and armed guards?" Yarrow asked, according to Yarrow, Madsen said he would.

"Before we will permit that," Yarrow said, "we will discontinue around the country."

BY ASSOCIATED PRESS.

BAKERSFIELD, Sept. 23.—There will be no general strike of oil workers throughout California, it was disclosed today before the district court of the United States in Los Angeles. The strikers of the San Joaquin valley, who are represented by the United Oil and Refinery Workers' union, convened here to decide the next definite move against the oil operators of the San Joaquin valley.

Walter J. Yarrow, strike leader, arrived here this morning from Los Angeles with a telegram in his possession which may change the aspect of the strike. It was from Federal Oil Board representative Marshall and Council in Los Angeles and was as follows:

"Hwyel Davies has been called to Washington for a conference on the oil situation and I believe today we would impress upon you the necessity of restraining your people from further extension of the present strike. We would like to see the status of this situation within a week."

FIRST INKLING OF FEDERAL MEDIATION.

The telegram was the first inkling received by the strikers since the strike was called September 1 that the federal government was making any effort to settle the controversy. Yarrow said this morning: "I will recommend to the district court that they defer calling the general strike until after the request of the government, as it is our constant desire to recognize the United States authorities in all dealings in this matter."

"We are prepared to fight this battle to the last trench and we believe that we have the government on our side in this controversy."

BY ASSOCIATED PRESS.

BAKERSFIELD, Sept. 23.—The organization of a machine gun company to be placed in the hands of a wireless system centered at Maricopa, and the arrival of an airplane to be used as a supplement to the wireless system, were announced here today by the strikers.

BY ASSOCIATED PRESS.

BAKERSFIELD, Sept. 23.—Today will decide whether or not the oil industry of California will be tied up by a general strike. Following a referendum vote by oil workers authorizing union officials to issue the general strike order if they see fit, a special meeting of the district council has been called at Bakersfield to make definite decision.

## OPERATORS BACK WITH REPORT ON PROBE IN FIELDS

Oil Producers' Investigators to Present Summary of Findings to Governor.

SAN FRANCISCO, Sept. 22.—The report of conditions in the oil fields made by representatives of the oil producers' association will be submitted to a conference of operators and possibly to Governor William D. Stephens.

A. F. L. Bell, back from Bakersfield and Taft in the interests of the operators says that the "shorts" of Kern and Fresno counties are doing all in their power to preserve order and that he does not believe that they deputized a single worker to act as guard. Bell says the strikers who are deputized took their authority from constables and that there are some six hundred of these deputy constables. A boy who is in effect against the strikers is being instructed not to sell them any goods.

That the fields are to be handed to "Little Russia" is the opinion of M. H. Whittier, president of the Oil Producers' Association of California. Whittier says that he believes that the public should be advised fully of the situation and adds that there is no plan to bring in outside help.

"We will let matters take their course," he said, "feeling that when the oil workers realize the situation they will return voluntarily. Many of our cherished institutions are being violated by a lawless mob parading under the name of law and order."

## Lodi Man Critically Injured in Plant

STOCKTON, Sept. 21.—Charles Hare was probably fatally injured in an accident today in the cement block factory at Lodi. His head was crushed in a machine while he was trying to learn the cause of the clogging of the mixer. Surgeons state there is practically no hope of having him live. He is married and has seven children.

ence with Harry Baker, vice-president of the International Union in hope of averting the threatened paralysis to the oil industry.

A heated denial of charges that the strikers to sabotage in the Bakersfield district was made today by Harry Baker, who is direct charge of the strike.

## SABOTAGE CHARGES FALSE, HE SAYS

These charges are absolute falsehoods and it is very easy to see that they are, Baker said today. We are not sabotaging the oil property. We are protesting them to the very limit. No sane man would destroy an industry upon which they depended for livelihood. We are as much interested in the oil wells as the operators.

It is a known fact that we have deposited over 200 I. W. W. from the district since the strike trouble began.

We've run the radicals out with less courtesy possibly than some of the strikers have been accorded.

BY ASSOCIATED PRESS. BAKERSFIELD, Sept. 22.—Leaders of the striking oil workers in the Kern county fields said today that a result of their conference yesterday with Martin C. Madsen, secretary to Governor Stephens, they were seriously considering withdrawing the pickets of the law and order committee of the strikers from the roads and oil fields and putting them to the hindrance to the traffic caused by committee activities.

Madsen drove through the fields yesterday, encountering several pickets. He told the men that they were acting without lawful right and that he believed their patrol system was hurting their cause. Afterward he held a conference with Sheriff Newell, District Attorney Dorsey and W. J. Yarrow, advisor of the striking oil workers. The subject of the conference was not given out.

## McGill Seen in Town When Koplos Killed

MARYSVILLE, Sept. 22.—Several witnesses testified yesterday at the trial in the Superior Court of James McGill for murder in connection with the killing of John Koplos, Marysville merchant, that they saw the defendant in Marysville the night he was slain June 29.

H. W. Levy, San Francisco police detective said that McGill, when he was arrested in San Francisco on July 6, said he was from Marysville. When first arrested in San Francisco McGill was charged with robbery. Mrs. Amelia Odren Sacramento hotelkeeper, also was on the witness stand.

Four persons, McGill, Medi Trickett, Anita Dierz and Walter Lovess, have been indicted for the slaying of Koplos. The prosecution is expected to rest its case against McGill, first of the defendants to come to trial, today.

## Aviation Education Plan of Flyers' Club

BERKELEY, Sept. 22.—Educational work on the part of individual flyers to offset public apathy toward aviation in the face of recent fatal accidents was urged at a meeting of the Allied Flyers club, composed of ex-Air Service veterans. The club, which was organized largely by members of the Air Service, will seek to recruit new members from I. O. T. C. air service students at the University of California, as well as from the Air Service veterans about the bay, it was announced.

Educational programs will be held during the winter, with recognized experts to address the meetings. The annual banquet of the club will be held October 15.

Harvey M. Pugh, flying instructor of March field and North Island during the war was elected president. Other officers elected are: Vice-president, Hartie Allen, treasurer, Harold Edgar, secretary, Llewellyn B. Peck, directors Harold Austin, Robert Haskell, Roy Macdonald, Herbert Hoyer, William Davis and Alvin Smith.

The program committee for the next meeting October 27 includes Charles Bowman, William Davis and Alvin Smith. The committee for the November meeting includes James Cavignato, Chapman and Harris Allen.

## GOVERNOR'S AIDE TWICE HELD UP BY KERN GUARDS

Martin Madsen Is Illegally Quizzed During Trip Over Oil Strike District.

TAFT, Sept. 22.—Martin Madsen, private secretary to Governor Stephens, who is investigating conditions in the oil fields, was twice held up last night by pickets of the law and order committee of the strikers, who are deputized as peace officers.

Madsen left Taft yesterday by automobile for Taft. When a few miles out a patrol halted the automobile in which Madsen was riding and demanded to know his business. He informed the strikers that his motive was to inform them of his identity. He was allowed to pass after he had shown his credentials and established his identity.

The automobile proceeded a few miles further and was again held up by deputized strikers. Again the governor's representative was obliged to submit to interrogation and forced to explain his identity and business in the oil strike district. He informed the strikers that their actions were entirely without the law. He was allowed to pass. At Taft Madsen went at once to strike headquarters where he was in consultation with the men for a considerable time. Harry Baker, vice president of the International Union of strikers, informed Madsen that he and the men were attempting to keep within the law and were doing everything in their power to prevent disorder and bloodshed.

We are willing to arbitrate any question in dispute. The men would return to work tomorrow morning if arbitration were assured, Baker said.

"Then you will trust your government," asked Madsen. "We have trusted our government ever since this union was organized. We are on strike with the sole demand that the government underwrite the terms of the agreement under which we work," answered Baker.

The same assurance was given Madsen by Walter Yarrow, chief advisor of the strikers at a conference in Bakersfield last night. Madsen was accompanied through the strike district today by Sheriff J. B. Newell and District Attorney J. R. Dorsey.

## Berkeley Veteran Of Civil War Dies

BERKELEY, Sept. 21.—John Wagner, California pioneer and veteran of the Civil War, died this morning at his home, 1616 Harrison street. He is survived by a widow, Mrs. Leona Wagner.

## Children to Frolic In Faculty Glade

BERKELEY, Sept. 22.—The annual children's party given by the university, will be given tomorrow afternoon in Faculty Glade. The party will be under the direction of Mrs. Henry Hatfield assisted by Mrs. B. A. Etcheverry, Mrs. H. L. Leupp and Mrs. R. B. Babcock.

## Students of Law to Hold Annual Banquet

BERKELEY, Sept. 22.—Tomorrow night the students of the University Law association will hold their annual banquet in San Francisco. Faculty members will make addresses and Dean Wm. Carey Jones will act as toastmaster. Justice Charles A. Shurtleff of the supreme court will be the principal speaker.

## Dos Palos Girl Is Bride of M. Veale

BYRON, Sept. 22.—Miss Eunice Harvey of Dos Palos became the bride of Mervin Veale at a wedding solemnized at Pleasanton Thursday. The groom is a son of Mr. and Mrs. W. W. Veale of McCabe Standard Oil station north of Byron and a nephew of Sheriff Veale. The bride has long been a social favorite in the Dos Palos section, where the young groom is employed at the Standard Oil station.

## ALAMEDA SPENDS \$50 TO SAVE OLD PAIR OF PANTS

ALAMEDA, Sept. 22.—A pair of overalls cost the city of Alameda almost \$50 yesterday. The overalls in question belonged to a driver on one of the delivery autos of the Western Dairy company. The machine was standing at Union street and Central avenue and the driver had discarded the clothes while he was inside a nearby building.

The overalls slipped over the exhaust pipe of the machine and there caught fire. A passing citizen, seeing the smoke thought that the machine was on fire and returned in a fire alarm. The apparatus, including two hook and ladder trucks, two hose wagons, 18 firemen, a battalion chief and the chief of the fire department, arrived in time to pull one unburned trouser leg off the frame of the machine. Damage was about six bits and the cost of the run to city figured approximately \$50 by Chief Walter Steinmetz.

Approximately 2,000 veterans of the world war and widows and orphans are assured of holding their positions by an order of Secretary Weeks.

## FLYING SQUADRON OF DRY SLEUTHS WILL MOP UP S. F.

Internal Revenue Tax to Be Collected on All Contraband Liquor Found.

CHICAGO, Sept. 22.—Millions of dollars in taxes will be assessed against owners of contraband liquor, after which prosecutions will follow. It was learned here today that internal revenue taxes on liquor have never been repealed.

The flying squadron of twenty federal agents that mopped up New York, Indianapolis and Chicago was sent out from Washington to assess taxes and get evidence for prosecution, the United Press was reliably informed.

The squadron is scheduled to mop up San Francisco next, it was said.

## COURT LISTENS AS STEP-SISTERS RENEW QUARREL

Mrs. Lucile Miller was accused of calling her step-sister, Mrs. Jessie Segal, bad names. "Oh, your honor, the names are so bad I can't repeat them," said Mrs. Segal, when asked by Prosecuting Attorney Fred Donahue to tell Police Judge Mortimer Smith today just what happened.

A rock weighing about eight pounds alleged to have been thrown at Mrs. Segal by the defendant, was exhibited.

The rock was presented to Judge Smith by Mrs. Miller, who took it into court.

It was at this part of the hearing that both the step-sisters began to tell their troubles to Judge Smith at the same time. When the judge got them to keep still he said a few words.

He continued the case and warned both sides that if there was any more fighting they would both be given a jail sentence. Mrs. Miller resides at 237 Grove street and sister lives a few doors from her.

## Pastor Refuses To Take Money Made at Dance

SAN LEANDRO, Sept. 22.—Rev. E. V. Bronson of the local Methodist church is a minister who practices what he preaches and today the boys of San Leandro post of the American Legion are busy devising new means of raising the money with which to reimburse the pastor for his trip to the Yosemite as a delegate from their organization.

It had originally been the intention of the post to raise the necessary funds by giving a dance. Bronson is opposed to dancing and has gone on record from his pulpit as being so.

A queer situation developed when Bronson refused to accept the expense money raised by the first Legion dance held especially for this purpose. No reason was given and the boys failed to attribute his reticence to the proper cause. Another dance was planned and will be held this Saturday evening.

In the meantime Bronson has stated his position and an effort will be made to pay back the minister with funds raised through different channels.

## DID NOT RETURN BECAUSE NABBED AS BOOTLEGGER

As the result of an alleged bootleg deal Jack Rogers was arrested last night on a charge of obtaining money under false pretenses. He was arrested on the complaint of John Baxter, 3006 Telegraph avenue.

Baxter alleges that he met Rogers several months ago and that he borrowed \$100. Baxter says that he was to have the money for several hours and in return for the loan Rogers was to give him \$75 besides the original \$100.

Baxter told the police that he went to Richmond and Rogers left him waiting on the corner for him to return, which he never did. This morning when interviewed by Police Inspectors William Emigh and Joe Robinson, Rogers said that he told Baxter he was going to use the money to buy whiskey from the crew of an oil tanker in Richmond. He stated that the reason he did not meet Baxter was due to the fact that he was arrested by prohibition officers after he had purchased the whiskey. He says that his automobile was confiscated and that Baxter was standing across the street and watched the officers make the arrest.

## Slayers of Two Deputies Elude Riverside Posse

Men Suspected of Murder of Officers Sought All Night in Hills.

BY ASSOCIATED PRESS  
LEASD WIRE TO TRIBUNE.  
RIVERSIDE, Sept. 23.—Two suspects sought in connection with the slaying yesterday of Deputy Sheriff Theodore Crossley and Henry F. Nelson of Riverside county and the wounding of Martin Helm, were still at large today. It was announced at the sheriff's office that Sheriff J. P. Wilson, it was stated, was satisfied that a man arrested soon after midnight at Pomona had nothing to do with the slaying.

Poses were beating the hills north of Riverside this morning in the belief the men wanted were hiding there. Hundreds of men were out all night with searchlights exploring secluded sections.

The shooting occurred at Bellville near here while Crossley and Nelson were attempting to arrest Juan Valmerino, 27, a Mexican, who was charged with the theft made by Helm, who accompanied the officers. According to sheriff's officers, Helm said that as Nelson was about to handcuff Valmerino, the latter drew an automatic pistol and fired two shots. Crossley and Nelson falling Helm declared he was shot through the back as he crouched in the tonneau of the deputies' automobile. Crossley was instantly killed and Nelson died in a hospital a short time after the shooting. Helm's condition was said today to be serious.

Two army airplanes from March field near here, were pressed into service, and aided posses searching through the lowlands of the Santa Ana river bottom, into which the slayers were believed to have escaped.

## Martinez Man Files Action for Divorce

MARTINEZ, Sept. 23.—Roche Betencourt of Richmond cursed her husband, John Betencourt, hurled household utensils at him, and kept company with other men, according to Betencourt's suit for divorce, filed in Superior Court today. The couple married in San Francisco in December, 1915, and separated in August of this year, according to the complaint. There is one child, a boy aged two years. The husband asks that the custody of the child be awarded to him.

## Prune Growers Rush Harvest of Crops

IRVINGTON, Sept. 23.—Taking the rain showers last Saturday and Sunday as a warning of fall storms to come, prune growers of this section hurried the drying of their crop this week and today saw the final stages of the Irvington section prune harvest and drying.

On most of the ranches work is concluded or nearing the end. The crop of prunes was one of the heaviest in years here, and with excellent weather conditions the crop was in prime condition. The rain last week did not catch the farmers unawares and the damage to drying fruit was slight.

## 'Eugenics' Need Not Scare True Lovers: Darwin

(By Associated Press)  
NEW YORK, Sept. 23.—True lovers need not shy off at mention of the word "eugenics." Eugenists do not desire to abolish love as a guide to the selection of mates in marriage, but only wish to purify it of all harmful effects. This is the reassuring message brought to Major Leonard Darwin, one of England's leading eugenists and son of Charles Darwin, originator of the Darwinian theory of evolution, who spoke before the second international congress of eugenics which opened last night. If young people were always allowed to follow their natural inclination, he declared, "their mating usually would be wise from the standpoint of eugenics. But many marriages, which are made for wealth or social position, do not tend to better the human race." Dr. Charles B. Davenport, director of the department of genetics at Cold Springs Harbor, N. Y., predicting ultimate extinction of the human race, declared the application of eugenic principles would stave off the end for many centuries.

## PROWLERS YANK BLANKETS OFF SLEEPY CO-EDS

BERKELEY, Sept. 23.—College girls residing at a boarding house conducted by Mrs. B. I. Fisher, 2514 Virginia street, are willing to stand a little joking from neighboring fraternity youths, but even a joke can be carried too far, they declare in a report made to the police today.

When college youths took advantage of Mrs. Fisher's visit to Stockton and hid their hats, work baskets and other possessions, the girls just laughed. But when the same youths reached through an open window in the middle of the night and pulled blankets off their beds, it was a different story, so the college maids appealed to Mrs. J. H. Kauke, who resides next door, to protect them from the pranks of the boys.

Mrs. Kauke's first action was to call the police. Patrolman Charles Penning was despatched to the boarding house at 12:45 o'clock this morning. He made a thorough search of the neighborhood, but could find no trace of the guilty youths. A special guard will be given the college girls by the police to prevent further pranks.

## Merchants, Officials Will Play Baseball

MARTINEZ, Sept. 23.—The courthouse officials and businessmen's baseball game, an annual event before the war, is to be revived and arrangements were under way today to stage the contest early in October. "The courthouse goat" is to be the prize. Four years ago the goat was won by the courthouse bunch after it had remained with the businessmen for two years and since then it has been carefully nurtured awaiting the next contest. A burlesque parade will precede the game. Tax Collector Martin W. Joost will captain the courthouse team and Harden Morrow will direct the businessmen's nine. J. J. McNamara has been named custodian of the goat and Sheriff R. R. Vesie, Chief of Police Charles Palmer and McNamara have been named as umpires. Proceeds of the game will go toward improving the American Legion's baseball park.

## Holy Ghost Church Nears Completion

CENTERVILLE, Sept. 23.—The new Holy Ghost church, now under construction here at a cost of \$75,000, will be completed some time in November, according to present indications.

Members of the church are working earnestly with Rev. Father Alfred Sousa in financing the building of the new edifice and the latest addition to the church funds came through the Irvington Dramatic Club's entertainment here Wednesday night when a considerable sum was made.

When completed the Holy Ghost church will be one of the finest church structures in the county and will be the most elaborate in this valley.

## Harding to Receive Thirty-third Degree

BOSTON, Sept. 23.—President Harding yesterday was elected to receive the thirty-third degree in Free Masonry. The action was taken at the annual session of the supreme council of Scottish Rite Masons for the northern jurisdiction. The President is expected to receive the degree, the highest honor that can be conferred on a Mason, at the next annual meeting. It was voted today to hold this meeting at Cleveland, O.

## League Awaits Negotiations by U. S. on Mandate

Lord Robert Cecil's Plan for Class A and B Definition Killed by Assembly.

BY INTERNATIONAL NEWS SERVICE  
LEASD WIRE TO TRIBUNE.  
GENEVA, Sept. 23.—Lord Robert Cecil's resolution for immediate definition of the terms of the Class A and Class B mandates was killed by the League of Nations assembly today. Instead the assembly adopted the report of the mandates committee.

This report said it was inappropriate to define the terms of the mandates in question while negotiations were under way between the allies and the United States, but it urged the league council to act speedily when the negotiations are concluded.

Lord Robert Cecil admitted the adoption of his resolution might increase complications between the allies and the United States. He expressed the belief that the council could immediately define the terms taking into consideration the position of the mandates committee.

There was faint applause when Lord Robert Cecil said he hoped the council would put strong restrictions on the sale of liquor in the mandated states.

The Albanian delegation announced desperate fighting is in progress between Albanian troops and Serbians near the Albanian-Yugoslav border. The Albanians recaptured part of a village that had been taken by the Serbs. Among Serb prisoners were a number of soldiers who had previously fought in General Wrangel's army in southern Russia.

**Sweden Drops Plan for Radio to U. S.**  
STOCKHOLM, Sept. 23.—The Swedish government has abandoned its plan to erect a big high-powered wireless station to communicate with America. The appropriation which parliament had authorized for the construction of the station has been withdrawn.

The reason given for this is that Sweden was unable to make a satisfactory traffic agreement with the Radio Corporation of America.

**CROP CONTRACTS WITH ORIENTALS RULED ILLEGAL**  
Attorney-General Webb Holds Arrangement Evasion of Alien Land Law.

SACRAMENTO, Sept. 23.—In an opinion rendered at the request of the United States Chamber of Commerce, Attorney-General Webb has ruled that crop contracts entered into with Japanese or other aliens ineligible to citizenship are prohibited by the anti-alien law and are virtually the same as land leases. Webb remarked that such evasions of the land law would seldom be reported to him if not for the co-operation of certain unscrupulous white attorneys. The United States Chamber of Commerce cited the following propositions and inquired as their legality: "Proposition 1—Owner of land agrees, in the growing of onions, to supply seed, tools and sacks and pay \$1.00 per hundred pounds of crop. The crop is to be delivered to the owner of the land as compensation for planting and care of crop and harvesting of same." "Proposition 2—Owner of land agrees in the growing of onions, to supply seed, tools and sacks, and pay \$5 a ton of crop, f. o. b. ranch headquarters as compensation for planting and care of crop and harvesting of same." "Proposition 3—For cultivation, seeding, harvesting and washing of asparagus, owner of land agrees to pay 1 1/2 cents a pound for labor performed. Contracts on the above proposition to run for a term of one year to ten years."

**SUSPECT HELD IN BAD CHECK CASE**  
E. A. Larson, who is said to have posed as Arthur Bullock, vice-president and general manager of the Union Lumber company of Delano, is in the Oakland city jail charged with passing a worthless check. He was arrested last night in San Francisco by operatives of the Bureau detective agency. On Tuesday Larson registered at the Hotel Oakland, where he engaged a room. The police say he later appeared at the First National Bank at Delano with a letter of introduction from H. H. Hawley, cashier of the Delano Bank at Delano, and asked the local bank to cash his check for \$100. Comparing the signature of Hawley on the letter to that on the identification book in possession of the bank, the bank took the signature to be genuine. The personal check was honored. According to the police, Larson then went to several other banks in Oakland and Berkeley, where he attempted to cash more checks, but failed. The police were notified of the man's activities and his room at the Hotel Oakland was searched. A suitcase containing some letters addressed to E. A. Larson gave the police the man's identity. The Delano bank was communicated with and it was charged that the letter of introduction was a forgery.

**Slight Earthquake Felt in Portland**  
PORTLAND, Ore., Sept. 23.—Portland experienced a slight earthquake at 11:20 a. m. yesterday according to Edward L. Wells, head of the Government weather bureau here, at numerous other residents who felt the tremors. The shock continued for about 20 seconds, but aside from rattling windows no damage was reported.

A home here will be the home IDEAL—  
*"and a safe place for the children"*  
And when you say, "AND A SAFE PLACE FOR CHILDREN," you have really said all that it is possible to say about the ideal "HOME DESIRABLE" ROW.  
Here you will have perfect paving, wide parking spaces, a wealth of shade-giving oak trees, and plenty of ROOM ALL 'ROUND. No one can build a flat, garage or apartment on your doorstep—YOU ARE PERMANENTLY PROTECTED.  
The man in touch with the times knows that TODAY is the day to buy. Home-sites in Lakeshore Hills are bound to increase in value. As an investment, with the prospect of profit, no purchase could seem to be more promising. As a home-buy there is no opportunity more desirable. We ask you to see this offering Saturday or Sunday and judge for yourself.  
Streets, curbs, gutters, sidewalks, sewers, water, gas—and the beautiful OAKS—are included in the price. Trestle Glen was sold out as soon as offered. Not a lot of this beautiful tract will be held. All are to go Saturday or Sunday at today's unusually low prices.

## FINAL PLANS FOR TRIP ON SKYLINE BOULEVARD READY

Itinerary Announced for Auto  
Tour to Redwood Peak  
Tomorrow Afternoon.

Final plans for the tour of the Skyline Boulevard extension to Redwood Peak, to be conducted by the advisory committee of the Contra Costa Hills club tomorrow afternoon, have been announced. The itinerary is as follows:

Automobile party to leave city hall at 2:30 p. m. and follow Park boulevard to Montclair junction, thence via Joaquin Miller road half a mile beyond "The Heights" to a motor-parking space, where an inspection of the proposed municipal campground will be made at 3 p. m. The party will then follow an old road to a natural amphitheater 100 feet below the crest of Redwood Peak, where public discussion of the boulevard and park plans will be participated in by city officials and representatives of Oakland clubs.

Many members of the Oakland Rotary club will join this party, according to Louis Aber, chairman of a committee working to improve the Skyline boulevard. At yesterday's luncheon of the Rotarians, Aber urged the co-operation of the club in this movement to develop this skyline parkland and to save and care for the natural redwood forest.

Members of the Contra Costa Hills club will camp overnight on the site of the designated motor campground. Their packs will be transported to and from their rendezvous by a motor-truck which will leave the end of the Park boulevard carline promptly at 2:30 p. m. and 5 p. m. Saturday, and return from the camp at 4:30 p. m. on Sunday.

A cordial invitation to hikers and motorists to share their campfire cheer is extended by Harold French, president of the Hills club.

### Y. M. I. to Hold Its Fall Dansant Tonight

Arrangements have been completed by American Council No. 8, Y. M. I., for its "Initial Fall Dansant" on the roof garden of the Pacific building, Sixteenth and Jefferson streets tonight. The committee in charge comprise Gerald McCormack, chairman; Thomas Durkin, A. A. Clancy, C. Rock, A. Rush, J. Halligan, Nestor Kenny, M. Hayes, A. Kenny G. V. Nolan and Leo Towns.

### School Girl Opposes Dress Regulations

SACRAMENTO, Sept. 23.—The first sign of conflict as a result of the crusade started by state educators to do away with extravagance in dress among students in California schools came today from an irate girl in the San Diego high school.

In a telegram to the department of education Miss Hannah E. Surzeo, 3338 Albatross street, San Diego, hints that her name has been put on the "blacklist" in the San Diego school and that she had been subjected to undue publicity for fail-

ing to wear the "prescribed uniform skirt."

Job Wood, deputy director of education, replied to the communication as follows:

"The court of Colusa, Judge McMahon of Sutter county presiding, decided in a case brought from the College City high school that if a student attends school in proper clothing the department cannot dictate as to the kind of clothing the pupil should wear. I think the school authorities have the right to decide whether the clothing is proper or improper. Unfortunately we have a good many 'light-headed' girls who are willing to go to almost any extreme."

### Catholics Pray for Disarming Nov. 11

WASHINGTON, Sept. 23.—Armed day was set aside by the Catholic hierarchy at its session today as a day when all members of the church of the United States are urged to offer prayers for success of the armament conference. The Irish question was discussed at length and a cablegram was drawn up to be sent to leaders of the church in Ireland.

Thirty thousand English army heroes were ordered killed in Mexico because it cost too much to bring them home.

### League Assessment Too Low for Italy

ROME, Sept. 23.—Much indignation has been aroused in Italy by the proposal that, in determining the expenses of the League of Nations, Italy should be assigned to the second category.

The Italian's national pride has been hurt by the suggestion and columns have appeared in the press protesting against the idea of relegating the country to a position inferior to other great powers. According to the suggestion, Great Britain and France would be placed in the first category, while Italy and Japan

would occupy the second. The price of being registered in the first category is 2,500,000 francs a year, while those of the second pay but 1,500,000 francs a year.

### \$177,459,000 Value Of Seized Warships

PARIS, Sept. 23.—The value of the ships surrendered by Germany is fixed at 177,459,000 francs (about \$177,459,000) in an official communication issued today by the reparations commission. The vessels were turned over to the allied occupation of Annex 1 part 1 of the Versailles treaty.

### Pershing Guest of Herrick At Banquet

PARIS, Sept. 23.—Gen. Pershing was guest of honor last night at a banquet given by American Ambassador Myron T. Herrick at the Inter-Allied club. General Pershing made official calls yesterday. He signed the register at the Elysee Palace and made an appointment to meet President Millerand today.

The Temps in an editorial says: "Paris greeted General Pershing with a most cordial welcome. The great American soldier's mission in France is such as touches deeply the hearts of all French citizens."

## Newest Footwear

Patent Leather is Fashion's  
Latest Decree

Straight from New York come two particularly smart new footwear modes—both in the fashionable patent leather, now the vogue.

### "Toddler" Oxfords

### "Sally" Sandals

"How clever they are!" is the first exclamation—and then, "How practical!" Their smart, trim lines, their excellent fitting of the foot in the most graceful manner, their turned soles and low heels—all justify them in their claim to first place in Fashion's favor. Of patent leather. Moderately priced at \$8.50.

Very dainty and petite is the new "Sally" Sandal but decidedly practical and comfortable withal. It is of patent leather with military heel and the newest in strap styles about the ankle. (See illustration). Though the very latest and of excellent workmanship and quality, the price is only \$8.50.

## Women's New Kid Oxfords

Smart brown and black kid oxfords for Fall and Winter wear. They are of superior workmanship with welted soles and military heels. Wonderful values at \$6.50.

### Fire Damage Heavy In Calaveras County

SAN ANDREAS, Sept. 23.—According to the figures of District Forest Ranger Paul Q. Harvey, just made public, twenty-three forest

fires in Calaveras county, from June 23 to September 10, did damage to the extent of \$48,550 to timber and pasturing and property. These fires, his report states, burned over an area of 14,000 acres. The cost of fighting them was \$638.

Loss to private property was far greater than the loss to the government through burned timber, one mining company suffering a \$20,000 loss when its mill and other surface equipment were destroyed.

## Legion Tourney Begins Sunday At Lincoln Park

War Veterans Will Gambol On Links At Lincoln Park For Trophy.

The second annual American Legion golf tournament for the Legion championship, and sponsored by the Legion posts of San Francisco, will begin next Sunday at Lincoln Park with the first round of match play. Keen competition is expected for the winner last year, Al R. Espinoza, the professional, is a resident of Oakland and loud were the walls when the little gutter picked up the trophy and trudged off the Legion champion.

Since that time Legion members of the entire city of San Francisco have been scouring the city for talent to compete against the Eastbay player. In their search for talent, Lieutenant A. L. Benedict, stationed at the Presidio, was discovered and he is expected to make a great showing for both San Francisco and the army.

Other well known service and sporting men who have entered the tournament are J. R. Klawns, director of the tournament and sorting authority, J. R. Case, Billy Blackhall, president of the Professional Golfers Association, and J. L. H. Clark, the former football coach at the University of Oregon. A. L. H. Clark, J. Hallow, H. C. Kraft and Ray Fowler.

Any war veteran who holds a membership card in the American Legion is eligible to compete in the tourney. Entry in the tournament may be made with Rufe Klawns at 156 George street, San Francisco. Despite the announced intention of San Franciscoans of taking away the valued trophy, Espinoza declares that such will not be the case as he is playing a great brand of golf at present and figures he can capture the first honors a second time.

## Chamber of Commerce To Give Masquerade

IRVINGTON, Sept. 23.—Hailed as the social event of the year the masquerade ball to be given the latter part of the month by the Irvington Chamber of Commerce promises to be one of the most notable social affairs in the history of Irvington, according to Chamber of Commerce boosters today, who are preparing plans for the event to submit to the Chamber of Commerce membership when the weekly meeting of the organization is held next Monday night. No date has been set as it is desired not to conflict with any other event.

The U. S. bureau of mines is conducting a search for an ideal system of ventilation for Hudson river highway tubes.

*A mother's problem—what food gives back the energy a child uses up daily?*

CHILDREN use up a tremendous amount of energy every day. Every mother of a healthy, sturdy youngster will testify to this. Children need richly nourishing food to supply this energy, and also to supply food for growth.

The selection of this food is your most important duty. You cannot give too much care to this matter. Grape-Nuts, the rich, wholesome cereal, made from whole wheat flour and malted barley, with milk or cream, supplies very necessary requirements for the growing child.

If you want to help your children to be rosy, sturdy, full of vitality and vigor, give them plenty of delicious Grape-Nuts, crisp, sweet and satisfying.

Go to your grocer today and get a package of health-building Grape-Nuts. Give the youngsters this invigorating food with milk or cream, and see how they will thrive on it and grow strong, robust and sturdy.

# VOLCANIC BLAST REVEALS SIX NEW FISH VARIETIES

David Starr Jordan Issues Report On Discovery and Gives Them Names.

HONOLULU, Sept. 23.—Varieties of fish hitherto unknown were discovered as a result of the eruption of the volcano of Mauna Loa two years ago. This fact has just been announced by Dr. David Starr Jordan, chancellor emeritus of Leland Stanford Junior University, California, noted ichthyologist.

The columns of lava burrowed deeper into the ocean than man had been able to penetrate and thousands of fish of strange and fantastic shape and color were killed and washed up on the beach by the tidal wave caused by the lava flow. Among them were found six varieties hitherto unknown to science, because their habitat was presumably lower in the water than science had been able to observe.

Amateur ichthyologists in Hilo, Hawaii, selected species which were unknown to them and sent them to Dr. Jordan for examination. The result was that the six new species were classified.

"I consider the discoveries, from a scientific viewpoint, to be among the most remarkable and important on record," Dr. Jordan said, "and he made public the classification here while he was attending the sessions of the Pan-Pacific educational conference."

The designations given to the six species by Dr. Jordan are:

Loa Excelsa, a species of kiihikihi, or butterfly fish, strikingly banded in yellow and black.

Vesposus Egregius, so designated because of its resemblance to a wasp's nest.

Rhyacanthias Carlesmithi, named for Carl A. Carlesmith of Hilo, who sent many of the species to Dr. Jordan. It is a deep rose red in color.

Rhechias Armiger, a conger eel with hooks on its snout resembling blackberry thorns, and is solid dull black in color.

Nyctinaster Reinhardt, named for the Hilo resident who discovered it. It is a small black lantern fish, so designated because of the many luminous glands behind the eye and along its sides which give the impression of phosphorescence. It is a solid dull black in color.

Persicodius Engerensis, a millgator fish, of a brilliant scarlet hue, which is characterized by large bony plates of armor.

Each of the six is a deep water fish. All live in water of more than 150 feet in depth and some as deep as 600 feet. Nothing except such a cataclysm of nature as the Aloha flow could have brought them to the surface, Dr. Jordan said. Rhyacanthias Carlesmithi ranged at least 1,000 feet below the ocean's surface, he added.

Dr. Jordan has sent to the Smithsonian Institution in Washington, D. C., a paper detailing the results of the investigation and the new classifications.

# ANOTHER SIBERIA STORY IN TRIBUNE

Frederick McCormick, noted writer, war correspondent and globe trotter, will have another article in THE TRIBUNE Sunday on Siberia, this time concerning mysterious land on the other side of the world.

This article will be entitled "East Siberia's Mines," and will give information regarding the mining industry in that country which startle the readers. According to McCormick, East Siberia is the capital of the mineral world. He says: "It was in the maritime province when first of all the geological map appeared about fifteen years ago, and there was a mining fever which extended to many countries of the globe."

"East Siberia was found to contain all of the important minerals besides gold, including silver, copper, iron, zinc, tin, lead, quicksilver, wolfram, asbestos, graphite, phosphate, salt rock, sulphur, asphalt, mica, antimony, amber, materials for high-grade cement and metals like radium, vanadium, uranium, together with many precious stones."

McCormick will tell of the mining Siberians do and the manner they do it. It will be a story that will be interesting to everyone, young and old alike, and complete within itself.

# U.S. Has World Beaten Says British Pastor

LONDON, Sept. 23.—The Rev. Reginald J. Campbell, who has just resumed his London ministry after his visit to the United States told his parishioners in his first sermon at Christ church that America was "now the greatest nation in the world, stronger than ours, richer than ours, able to do materially what it likes, and to give spiritual leadership to mankind if it chooses."

Dr. Campbell said he had found traces of anti-British feeling, but that he was also made aware of "a warm and widespread friendliness, of which too little is heard on this side."

# Luncheon for Guests From Hawaii

"Gray Gables," the home of Mrs. Wallace McKinney Alexander in Piedmont, was the setting for a beautifully appointed luncheon this afternoon for two guests from the Hawaiian Islands, Mrs. Arthur Collins and Mrs. Frank Baldwin. Mrs. Collins will be remembered as Miss Ethel Kittredge and Mrs. Baldwin as Miss Harriet Kittredge. This is the first visit of the young matrons to the states in several years, and at present they are the house guests of San Francisco friends. A number of their intimate friends were bidden this afternoon to the Alexander home. Among these were Mesdames Stuart Rawlings, Robert Fitzgerald, Charles Hubbard, Walter Starr, Irving Lundberg, Grace Lohman and the Misses Mona Crelin and Lillian Downey.

In honor of Miss Lorna Williams, Miss Katherine Maxwell will be hostess at a luncheon Tuesday afternoon, and on Thursday, September 29, Mrs. Ward Dawson will preside as hostess at a bridge tea for the bride-elect.

## LUNCHEON FOR MRS. CHALLEN PARKER

At the Hotel Oakland this afternoon a luncheon was given by Mrs. Louise Allen in honor of Mrs. Challen Parker who leaves for New York this month, and Mrs. William Mehn who has returned to California after a year's absence. Mrs. Mehn is the guest of her mother-in-law, Mrs. Thomas Mehn.

Mrs. Louis Ghirardelli Sr. and her daughter, Miss Elva Ghirardelli, are now in New York, having arrived from Europe last week. They are expected home on the 28th. Their itinerary has taken them through England, France, Germany, Italy and other Latin countries.

# WIFE CONFESSES SLAYING MATE WITH ACID FUME

AKRON, O., Sept. 23.—Mrs. Minnie C. Derr, 43, mother of five children, broke down under questioning tonight and confessed she threw acid into the face of her husband, A. R. Derr, Akron business man, while he slept early Sunday. Derr died Tuesday from acid fumes he inhaled, according to physicians.

After the ceremony the bridal party proceeded to Hotel Oakland, where a sumptuous wedding supper was served. After the festivities the couple departed on their honeymoon, motoring to the central part of the State.

ENTERS EASTERN GIRLS' COLLEGE. Miss Katherine Merriam, daughter of James B. Merriam of 115 Kempton avenue, has entered Mount Holyoke College South Hadley, Mass., which opened today with an enrollment of about 800. Miss Merriam enters Mount Holyoke as a member of the sophomore class, having attended the University of California during the past year and transferring from there.

Miss Harriet Rinder has guests at her home this afternoon whom she has bidden to meet Mrs. E. Walton Hedges (Elizabeth Maltby) of Concord and Miss Catherine Cox, whose betrothal to Lawrence Campbell Merriam was recently announced. The guest list was confined to intimate friends.

## CONGREGATIONAL SUPPER SUNDAY

A congregational supper will be given by the Sisterhood of Temple Sinai Sunday evening at 6:30 o'clock in Covenant hall, Twenty-eighth and Webster streets. Several prominent speakers will be present. Mrs. Alex Hirschberg is president of the organization. Mrs. Robert Marcus is chairman of arrangements for the supper.

## MISS BRECKENFELD TO BE BRIDE

The engagement of Miss Mota Breckenfeld, of Berkeley, and Worth Ryder, California, etcher, and for three years director of the Oakland Art Gallery, is announced today by the parents of the bride-elect. Mr. and Mrs. Henry Breckenfeld, a startling bit of news, since the artist has been abroad for over a year, deeply immersed in the study of the art of the Old World. Obviously an understanding existed before the European trip was undertaken as the two were friends in the University of California.

# BOY BRIBED TO LOCATE BODY OF DEAD PLAYMATE

SPOKANE, Wash., Sept. 23.—A bribe of 25 cents offered to 3-year-old William Bafaro resulted today in the finding of the body of Wm. McLachlin, 8 years' old, in the Spokane river, after the Bafaro boy had first stated that the McLachlin boy had been covered by a slide in a sand pit and later that he was drowned in a pond, according to a statement made by the police tonight.

Miss Breckenfeld is leaving for New York on Sunday with Mrs. Elva de la Mathe, where as soon as her ship sails—presumably in a few days—the bride-elect will "cross over," meeting her future in Paris, where the wedding will take place. As guests at the nuptials, Miss Breckenfeld's cousins, the Donald Parkinsons, of Los Angeles, will figure, besides a half-dozen painter friends of the bride-elect. The bride-elect has many friends on both sides of the bay, frequently entertaining with her aunt, Mrs. J. J. Spicker, of San Francisco. It is the intention of the artist and his bride to remain abroad as long as they find things to interest them.

As Florence has been the base from which Ryder has radiated in his work, the headquarters of the pair will in all probability be established in that ancient home of art.

## BRIDGE FOR MRS. PAUL OTTO

Miss Ruth Gompertz of Berkeley will be hostess October 6 at a bridge tea when she will have as the motif for her affair Mrs. Alfred Paul Otto (Marie Kinkelin) Mr. and Mrs. Otto will spend the week-end at their home in Marin county.

## MR. AND MRS. S. H. FATHERSTON OF LAKESHORE BOULEVARD HAVE RETURNED FROM INVERNESS WHERE THEY HAVE BEEN SOJOURNING FOR SEVERAL WEEKS

Mrs. Noble Newsom is entertaining with an informal tea this afternoon at her home in Thousand Oaks, a bevy of younger maids and matrons sharing her hospitality.

## PIEDMONT GIRL IS WIFE OF TEXAS MAN

The Piedmont Interdenominational Church was the scene of the marriage of Miss Vera Harford, daughter of Mrs. Emma Harford of this city, and Clarence Gillespie, president of the Texas Carnegie Steel Association in Galveston, Texas. Two hundred guests witnessed the service and Rev. C. D. Muliken, pastor of that church officiated. Great shaggy chrysanthemums were clustered at the pulpit, gold and white and green carried out in hie color scheme. The bride was gown in ivory satin, the bodice of duchess lace. A wreath of orange blossoms encircled the coiffure holding the tulle veil in place. Orchids, gardenias and butterfly orchids were in the flower bouquet. Mrs. Arthur E. Kinney was matron of honor and gown in coral satin embroidered in silver. She carried flowers to match her gown. Mrs. J. N. Burroughs and Miss Norma Houston were bridesmaids. Mrs. Burroughs in yellow satin and silver lace and Miss Houston in blue satin heavily beaded. George Sealy of Galveston was best man for Gillespie. For a month the couple will travel in the east before going to Galveston to reside. Mrs. Gillespie is a graduate of Columbia University and it was while attending that college that she met Gillespie. Gillespie is a member of an old New York family and received his degree from Cornell University.

## \$10.00 and \$15.00

## 1500 Hats in Two Great Price Groups

Such values as you have never seen before, at the threshold of the Autumn season!

Unheard-of price concessions were offered to our Millinery Buyer, just returned from New York, concessions that indicated the anxiety of hat manufacturers to share in the successes of our justly famous shop. This explains the extraordinary character of the hats assembled to sell at \$10.00 and \$15.00—hats with all the verve and fire of Paris!

Paris is in every line—Paris, beloved of the art of millinery design. Yet nothing is sacrificed to style. The materials are costly, the finish perfect, all the new colors represented. This is your supreme opportunity to purchase a hat the equal of an imported model at about one-third the price of an importation!

# MORE IRRIGATION DECLARED PRIME NEED OF STATE

Assemblywoman Saylor Tells  
Women's Club of Plans  
for New Law.

California must have a statewide water program if population and industries are to be attracted, Mrs. Anna L. Saylor, assemblywoman from Berkeley, declared yesterday at the luncheon of the Business and Professional Women's club in Hotel Harrison.

"Millions of gallons of water are going to waste in the Pacific ocean while millions of acres of land in California are lying waste and thousands of young men and women are clamoring for opportunity to till the soil," she told the 100 members who were gathered together.

"If the rivers which flow into San Francisco bay were harnessed at their source they would provide all the water Northern California needs for industrial, reclamation, domestic and agricultural uses," she asserted. "Enough water may be obtained from the Colorado river to take care of the southern part of the state, Arizona and other states."

The project of putting state credit behind water and power development through the California Power act which it is planned to put upon the ballot at the state election, was outlined by the speaker. Petitions in the interests of the act will be circulated shortly, Mrs. Saylor announced. The bill would create a water board and provide credit upon conditions.

Club quarters in Broadway near Nineteenth street will probably be leased by the Business and Professional Women's organization this week.

## Eskimo Dietetics Are to Be Studied

HALIFAX, N. S., Sept. 23.—Problems of dietetics, nutrition and sex among the Eskimos will be studied by an expedition to be sent out next May by the School of Hygiene of John Hopkins University. The plans were outlined here by Dr. Victor E. Levine, professor of biochemistry and nutrition at the Creighton School of Medicine, Omaha, who visited Halifax early this month on his way to Battle Harbor, Labrador.

Dr. Levine said that he had been sent as an advance guard to go with a party from Battle Harbor into the Eskimo country for a preliminary survey, particularly with regard to climatic conditions. He said that the main expedition next year would be solely one of scientific research and that it was planned to penetrate parts of the Eskimo region hitherto unvisited by white people.

## Writers' Club Will Honor Author Dobie

By EDNA B. KINARD.

Farwell is to be said to Charles Caldwell Dobie, author of "Broken to the South," and one of the active members in the California Writers' Club, by his associates in the literary organization next Tuesday evening. A dinner, the first of the season, will assemble the friends and fellow writers of the novelist at the Young Women's Christian Association to offer him honor. Dobie will be the principal speaker of the program. A new novel, which is yet in manuscript form and fiction writing in general will be discussed by him. Dobie will leave for New York next Wednesday. Many men and women in the bay cities who have achieved literary honor, will be invited to meet the departing Californian.

Otto Diehl, who will collaborate with the club in presenting manuscript plays of the members during the season, will address a joint meeting of the dramatic and fiction sections in the Y. W. C. A. tomorrow at 2 p. m. A play, dramatized from "Little Miss Fix It," by Caroline Katherine Franklin, will be presented.

A "Quiz," in which each club member may offer questions, will be conducted by Miss Florence Livingston. Livingston is author of "The Custard Cup," which is in its second American edition, is popular in England and is about to be translated into French. She belongs to a pioneer Oakland family.

California literary men and women will be given the honored place in the Oakland Tribune's Club this year. Review of the work of some leading writer in the state will be a part of each Tuesday's program. Writers will be made the club's guests in the clubhouse, which is located at 14th and Washington streets. Forty-two names at the opening meeting of the year this week. A Chinese tea is announced for Tuesday.

Oakland is developing its own scenario writers when occasion arises. Mrs. Minna McGauley, who has not only dramatic ability on the spoken stage, but dramatic ability with her pen, is undertaking the outline for an ambitious pageant of fashion, to be the principal feature in the Mills Club Endowment Fund Benefit scheduled for the early December at Hotel Oakland. Mills women have claimed the co-operation of all other clubs hereabouts in framing plans for the brilliant pageant. Mrs. McGauley, who is a former president of the Child Welfare League of Alameda county and for the short time that Oakland commissioned policewomen became a pioneer in that capacity. She is actively identified with the Oakland New Century Club.

Emerson School Parent-Teacher Association guests at a luncheon at this week's meeting when installation ceremonies formally gave into the hands of the new board of directors the destinies of the club and a reception to Principal Ewing and his wife offered opportunity to the mothers to meet the new director of education in the local school. Mrs. F. V. Vollmer, first vice-president of Oakland Federation of Mothers Clubs, was the installing officer. Faculty of Emerson school and mothers of the neighborhood were guests of honor at an informal tea which followed.

P. M. Fisher, principal of Oakland Technical High School, will address the fathers of students at a rally which the mothers of the Parent-Teacher Association have arranged for Monday night in the library of the school. Tempting refreshments are the lure which the women are offering the men folk who are carefully being trained to participation in student interests. Already the mothers have given some attention to a uniform dress for their daughters. Fathers will be told next week of some of the problems which Fisher is called upon to solve with the boys. Parents who are sending their sons and daughters to the Broadway high school are invited to be present.

**TEXAS JUDGE DIES.**  
GALVESTON, Tex., Sept. 23.—Miles Crowley, county judge, died yesterday. He had been a well-known figure in Texas politics, having served in the legislature and one term in Congress.

## Restores Original Color to Gray Hair

Co-Lo restores the natural color, life and luster to gray and faded hair in a manner nature approves—a scientific process perfected by Prof. John H. Austin of Chicago, over 40 years a hair and scalp specialist.

### Secrets of Co-Lo Success

Co-Lo is a wonderful liquid. Clear, odorless, greaseless. Without lead or sulphur. Without sediment. Will not wash or rub off. Will not injure hair or scalp. Pleasing and simple to apply. Cannot be detected like ordinary hair tints and dyes. Will not cause the hair to split or break off. Co-Lo Hair Tint restores the natural shade of hair—A6, for black and dark shades of brown. A7, for jet black hair. A8, for medium brown shades. A9, for light brown drab and ashy shades.

## AIR MAIL PILOT SMASHES RECORD

OMAHA, Sept. 23.—Dean C. Smith, air mail pilot, achieved a one-man flight air record from Omaha to Chicago yesterday. He averaged 143 miles an hour. Smith made the 425-mile trip in two hours and 54 minutes. This is only two minutes behind the past record of two hours and 45 minutes held jointly by Smith and the late pilot, Christensen. This record was made earlier in the year when Smith made the flight to Iowa City and Christensen completed the trip to Chicago.

## Stockton Sues Over Water Meter Law

STOCKTON, Sept. 23.—City Judge Warren Atherton having handed down a lengthy decision declaring the city water meter ordinance void on several counts, Mayor Dana P. Eicke has ordered City Attorney M. Shaughnessy to appeal the case to the superior court at once. The measure was drawn by the mayor, and declared it a misdemeanor punishable by \$500 fine or both fine and six months imprisonment for any person or company to put in water meters in this city, if such person or company were engaged in the business of selling water here. Complaint of many citizens that the installation of meters would cause lawns and gardens to die, owing to the alleged high price of water, led Mayor Eicke to draw this ordinance.

## Modesto Is Awarded Junior State College

MODESTO, Sept. 23.—County Superintendent of Schools A. G. Elmore was yesterday officially notified by Superintendent of Public Instruction Will C. Wood that the State Board of Education had approved the petition of Modesto for a Junior College. This is the first application granted by the board until the law recently passed by the state legislature.

## Odd Fellows Will Extend Activities

TORONTO, Ont., Sept. 23.—The Sovereign Grand Lodge of the Independent Order of Odd Fellows, which has been in session for the last week, is considering the advisability of extending the order's activities to Europe and other parts of the world. A recommendation was adopted that an annual fee of 10 cents be charged each member for a period of five years to cover the cost of a grand lodge building in Baltimore, where a site has been obtained.

## INDIA MOBS RUN AMUCK.

MADRAS, India, Sept. 23.—Sporadic raiding and looting is still prevalent in parts of the Malabar district, where Mohlah bands have been defying British authorities for several weeks. Bodies of rebel forces are terrorizing the countryside.

## Accidental Shooting Deaths Increasing

SACRAMENTO, Sept. 23.—Deaths in California by accidental shooting for 1921 will exceed those of the previous year, it was indicated today in figures submitted by L. E. Ross, director of the Bureau of Vital Statistics of the State Board of Health. A total of 33 deaths by this means was reported by Ross for the first six months of the year. The total for 1920 was given at 27.

## MONTANA BANK LOOTED.

LEWISTON, Mont., Sept. 23.—Ninety-two safety deposit boxes and \$156 in silver were stolen from the First National bank at Denton, Mont., 40 miles north of here. The value of the contents of the boxes is not known. The robbers broke a hole through a wall of the vault and carried the loot away in an automobile.

# JACK CUDAHY'S WIDOW CHARGES LONG ANNOYANCE

Causes Arrest of Mechanic Who Has Worried Her Nine Years, She Says.

LOS ANGELES, Sept. 23.—Charged by Mrs. Edna Cudahy, widow of the late "Jack" Cudahy, millionaire sportsman, who committed suicide April 21 at the family mansion in Hollywood, with having annoyed her, Morris J. Condory, 39, a mechanic, was taken in custody by the police.

The accused man, according to Mrs. Cudahy, has caused her distress at various times in the last nine years by his annoyances, and on one occasion was arrested on a burglary complaint sworn to by her, but acquitted.

Mrs. Cudahy stated today she never met Condory socially and that she cannot account for his actions. He is said to be a member of an old San Francisco family. His father is said to be a physician and his mother is understood to be in France. He is reported to have served in the French foreign legion during the world war.

# Man Hits Girl in Ring Theft Effort

Miss Dorothy Donnelly, 1715 Turk street, San Francisco, last night reported to Police Inspectors Peter Van Houtte and Tom Pardee that she had been struck in the face by a young man who attempted to snatch a diamond ring off her finger at Seventh street and Broadway.

She stated she was waiting for a train for San Francisco when the man stopped in front of her and asked her how much the ring was worth. When she did not answer him he struck her in the face and attempted to take the ring.

# Oakland Youth Wins First Prize for "Mother" Essay

Walter Lee, 908 Lakeshore avenue, Oakland, won the first prize of \$15 in the Oakland TRIBUNE'S essay contest on "Mother." Mrs. Nora McCaffrey, 721 Fifty-fifth street, Oakland, won the second prize of a ten weeks' pass to the American theater.

Carol Plant, 1501 Brush street, Oakland, won the third prize of a five weeks' pass to the American theater.

Mothers themselves picked the winning essays and awarded the prizes, which will be mailed immediately from the Oakland TRIBUNE. Five leaders in the mothers' clubs in the Eastbay cities had a difficult task yesterday in selecting the three best "Mother" essays from the mass which readers of the TRIBUNE had submitted. The women who acted as judges were: Mrs. W. H. Marston, Berkeley, president Second District California Congress of Mothers.

Mrs. W. E. Orlons, Alameda, director Second District, California Congress of Mothers.

Mrs. Peter J. Kramer, president Oakland Federation of Mothers' Clubs.

Mrs. F. V. Vollmer, vice-president Oakland Federation of Mothers' Clubs.

Mrs. W. B. Stanton, president Berkeley Federation of Mothers' Clubs.

The decision was unanimous. From the large numbers of essays submitted the mothers feel there is no lack of interest in the theme which was suggested.

**WALTER LEE'S TRIBUTE.**  
Walter Lee, 39 years old, residing at 908 Lakeshore avenue, prefaced the first prize winning verse with the following explanation: "The Old Nest" editor of The TRIBUNE.

"If leaving home is deserting one's mother, Rupert Hughes is right, but he is wrong in saying that a mother is forgotten by her children when they grow up."

"I left my mother at the age of 17 and constant thought of her and her teachings went a long way in keeping me on the right path. People might say that I am too young to write intelligently on this subject, as I am just twenty and a half."

life, you symbolized God's universal Mother-love.

"The years passed, I left you alone to ponder all these things. Now I understand for I too am a mother."

**WINS THIRD PRIZE.**  
The essay of Carol Plant, which took third prize, follows:

"Mother—the messenger of God who unhesitatingly enters the Chamber of Death to return with a humble smile, clasping life to her bosom."

Who is it that thinks of you night and day?  
Who offers that nightly prayer,  
Who believes when all others condemn?  
Is it she with the silvery hair.

And when you're down in the mire and dirt  
And you're lower than any other,  
When the world turns away with a sneer of contempt  
Who takes you in? Why it's mother.

Who is it that thrills with pride and joy  
When you reach the heights of success?  
Who sheds tears and cries,  
"My boy?"

Why it's mother—whom God should bless.

**GREAT SACRIFICE TOLD.**  
Here is the second prize winning essay, written by Mrs. Nora McCaffrey:

"MOTHER  
"You faced the great sacrifice that I might begin my life. You guarded my helplessness; guided my waywardness; sympathized with my ambitions; endured my follies."

"I disappointed you, yet you believed in me. Knowing that it would increasingly separate us, you worked for my development. By your daily

then laying her precious sacrifice without recompense upon the Shrine of Continuity.

"Mother—nourishment to the infant, protection to the child, guiding thought to the young, sympathy and encouragement to the matured offspring through the gamut of exciting experiences in the Crucible of Life. The longest remembered, yet most quickly forgotten."

**EDITORIAL PERSIFLAGE.**  
LONDON, Sept. 21.—"What is the best way to guard against holiday risks," is the interesting question propounded by one London editor. "Don't take a holiday," is the very apt answer made by a contemporary.

## STATE AWARDS ROAD CONTRACTS

SACRAMENTO, Sept. 23.—The State Highway Commission yesterday awarded the contract for the construction of one and three-fourths miles of concrete pavement between Gilroy and Cumerdero Creek, in Santa Clara county, to R. J. Bianco of Vallejo, who bid \$24,834.50. The estimate of the state engineers was \$31,981.50.

The bid of the California Construction company of San Rafael for the construction of an under-grade crossing on the Northwestern Pacific railroad near Arnold Mendocino county, was accepted and the contract awarded. The bid was \$13,500.26 and the estimate of the engineers \$15,101.25.

Bids for the paving of the King City bridge and approaches in Monterey county were rejected on the ground that the bidders had not opened on the following work, but action was deferred until September 28.

Surfacing and paving between Delhi and the north boundary of Merced county.

Surfacing and paving in Stanislaus county between Modesto and the southern boundary.

Highway construction between Perry and Morgan Hill in Santa Clara county.

Highway construction between Fullerton and the western boundary of Orange county.

## Mann Act Defendant Scored From Bench

SAN FRANCISCO, Sept. 23.—John Skinner, arrested on charges preferred by his wife, that he brought 19-year-old Norma Blackstedt from Seattle to this city, was stigmatized as "not a man but a brute" by United States Commissioner Francis Krull yesterday after reading the deposition of Norma Blackstedt, who testified that Skinner had cruelly beaten her. She is at the St. Mary's Hospital with the baby girl born to her a week ago. Skinner has six children with his wife, of whose existence Miss Blackstedt was totally ignorant. Miss Blackstedt says she married him three years ago at National, Wash. Her deposition was taken at the hospital.

## INDIAN GLEN

was the Favorite Camp Ground of the Indian

And it was still the playground of the papooses when Oakland donned swaddling clothes.

### THERE WAS A REASON—

Instinct caused the Redman to pitch his tepee where it was sheltered from the north wind, and where the open flap caught the last rays of the setting sun

### AND WITH THE PASSING YEARS—

Came the gay caballeros and charming señoritas. Indian Glen became their "merienda" rendezvous.

### AGAIN THERE WAS A REASON—

Indian Glen was beautiful. Romance lurked among its gnarled oaks and buck-eyes, bays and stately eucalyptus. But gone are the gay caballeros, gone their sweet señoritas, vanished the children of the forest that gave the Glen its name.

### YET MUCH REMAINS—

Still much as it was in the romantic long ago. The same primal Oaks are there. The same sunset splendor incarnadines wrinkled contours of the sheltering hills.

TRACT OFFICE OPEN  
NOW UNTIL 7 P. M.

### AND NOW, TOMORROW AND SUNDAY—

Indian Glen Tract, the upper end of this wonderland, with all its climatic perfections, natural beauty and historic lore, will be offered to the modern homeseeker. Understand, the tract is the upper and higher part of the Glen where a view can be had. Come and see it. Through the magnificent trees of the Glen you get glimpses and vistas of Oakland beyond.

### ONLY 27 BROAD, SUNNY LOTS—

And 10 acre-estates will be liquidated in this sale. These magnificent homesites, fully improved with macadam street, sidewalk, sewer, city water, and electricity, will be sold in this liquidation sale as low as—

**\$20 Per Front Foot**

**No Interest, No Taxes Until July 1, 1922**

**Easiest Kind of Terms**

### TO GRASP THE GREAT INVESTMENT POSSIBILITIES—

In this sale, compare this liquidation price with the original sales price of \$100 per front foot in the Crocker Tract adjoining. Buyers are thoroughly protected with \$7500 and \$5000 dwelling restrictions.

## CULLIGAN, REALTY DEALER, ORDERED TO PAY ATTORNEY

Berkeley Theater Owner Loser in Suit Brought by His Former Counsel.

W. I. Culligan, Berkeley theater owner and real estate dealer, no longer goes through one trouble after another appears on the horizon. Now awaiting trial on a charge of driving an automobile while intoxicated, defendant in more than one suit over a real estate deal and accused of refusing to honor a note for \$100 given to Doris Stewart in return for her promise not to prosecute him for battery, he also has been ordered to pay \$55 to Attorney Mervyn Dowd because of money expended by Dowd when Culligan failed to appear to prosecute a forcible suit.

Judge Harry W. Pulfer gave judgment to Dowd for the amount. Dowd said Culligan retained him to bring an action to foreclose property in San Mateo county. With all of the defense witnesses present, Culligan failed to appear. The court granted a continuance but assessed him with \$30 for costs already accrued, which Dowd was forced to pay. On the second occasion Culligan again was missing. Dowd was forced to dismiss the case, after expending a total of \$75. Judge Pulfer said he was entitled to reimbursement. Culligan claims he cannot pay as all his property is in his wife's name.

The jury in the trial on a charge of driving a machine while intoxicated was discharged when one of the defendants dropped dead after the deliberations had begun. A second trial will be held.

The suit brought by Doris Stewart who was awarded a judgment of \$100 by Judge Pulfer, was the outcome of a contract for a West Oakland apartment house, when Culligan was alleged to have struck Miss Stewart. It was testified he gave her a note for \$100 on condition that she refrain from prosecuting him, but refused to honor the note later.

## BOY SCOUTS TO HOLD REUNION

Diamond Canyon camp will be the scene of the annual camp reunion of the members of Oakland council of the Boy Scouts at 8:30 o'clock tomorrow evening. It is anticipated that hundreds of Scouts and relatives and friends will be present. The chairman of the ceremony will be Postmaster J. J. Perkins. Prominent citizens will be among the guests.

There will be a demonstration of Boy Scout activities, a new show of the past year and an outline of the plans for the coming Boy Scout week, Oct. 3 to Oct. 10.

An open air banquet and a camp fire illumination will be other features of the celebration.

## GROWING DEAF WITH HEAD NOISES? TRY THIS!

If you are growing hard of hearing and fear Catarrh of the Ears or if you are hearing rumbling, hissing noises in your ears go to your druggist and get a ounce of Permutin (double strength) and add to it 3 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should be open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrh of the Ears or who has head noises should try this prescription a trial. Advertisement.

Over 400,000,000 people are using it annually to help build red blood, strength and endurance. At all druggists. Advertisement.

## Senate Democrats Urge One Cent Tax on Gasoline

WASHINGTON, Sept. 23.—Reductions in the normal tax rates on individual incomes of \$15,000 or less and graduated tax of from 10 to 20 per cent on the income of corporations in place of the suggested flat rate of 15 per cent were proposed in amendments to the Republican tax revision bill offered yesterday in the Senate by Senators Walsh of Massachusetts and Gerry of Rhode Island, Democrats, on the finance committee.

To make up the \$105,000,000 loss from the tax on individual incomes it was proposed that a tax of 1 cent a gallon on gasoline be imposed at the source, and that the capital stock tax yielding around \$60,000,000 annually, be retained. The majority bill provides for repeal of this tax, effective in 1922.

**TAX CHANGES URGED**

Under the Gerry amendment taxpayers whose net income is less than \$3,000 would pay a normal rate of 3 cents instead of 4 per cent on \$4,000 as provided in the revised bill. Taxpayers whose net income is between \$3,000 and \$10,000, would pay a normal rate of 4 per cent on the excess over \$3,000 instead of 8 per cent on all over \$4,000 and taxpayers whose net income is between \$10,000 and \$15,000 would pay a normal rate of 5 per cent on the excess over \$10,000, instead of 8 per cent on the excess over \$4,000.

Income in excess of \$15,000 would pay 8 per cent or over that amount, but it was explained, they would receive the benefit of the low rate of normal tax up to \$15,000. The current rates as fixed by the Finance Committee would remain unchanged.

Under the corporation income tax amendment offered by Senator Walsh the rate on the first \$100,000 of corporation net income would be 10 per cent, that on the income between \$100,000 and \$300,000 would be 15 per cent and that on the income in excess of \$300,000 would be 20 per cent.

**EXPLAINED BY WALSH**

"This schedule," said statement issued by Senators Walsh and Gerry, "will reduce the tax on the net income of 1,000,000 corporations on which the Republican majority bill increases the tax from 10 per cent to 15 per cent while it increases the tax on only about 4000 corporations which have a net income of more than \$300,000 each per year."

"We believe our program is more equitable because it provides that corporations, like individuals of small incomes shall bear a less tax burden than those corporations with large incomes."

Discussing the proposed reductions in the normal income tax rate on individual incomes below \$15,000, the statement said:

"This change will reduce materially the tax bills of over 3,000,000 taxpayers in striking contrast with the Republican plan of cutting in addition to lowering surtax bracket the high surtaxes from taxpayers whose incomes are over \$60,000, which affects not more than 5000 of the wealthiest class."

**TAX REVISION ATTACKED**

The loss to the Government by our plan will amount to about \$105,000,000, yet the Republican majority has eliminated the excess profits taxes and reduced the revenue of the Government \$450,000,000. There should be no reduction of the substantial character proposed by the Republican majority, leading to such tremendous reductions in the revenues of the Government in the interest of excessive profit-making corporations without providing for a just and equitable reduction to the individual whose income is less than \$15,000.

The statement made a general attack on the tax-revision bill, declaring it to be "unsound, inequitable and indefensible."

"The bill," it said, "continues in the main all the annoying and burdensome income and other tax provisions of the old war revenue bill."

The bill will continue to subject our people to the annoyance, uncertainties and burdens of taxes that only war conditions justified.

"We believe a change should be made in the system of taxation, but as members of the minority we can only hope to succeed, if we concentrate all our efforts in an endeavor in the Senate to modify and change those important features of the finance committee bill, which we deem to be most unfair and unjust."

It was explained that the statement was in no sense a minority report, which will be submitted later.

## YAP MANDATE SETTLEMENT IS HELD ASSURED

Japan Gives Up Hope of Re-adjusting Shantung Question At Present.

By DUKE N. PARRY, International News Service Staff Correspondent.

TOKYO, Sept. 23.—It is reliably reported that a settlement of the Yap mandate question with the United States is assured.

It was learned that the foreign office expects an announcement of a complete settlement of the question along lines already reported to be made soon.

There were some grounds for belief that the announcement of settlement would follow a cabinet meeting to be held this afternoon.

At the same time it was learned from an official source that Japan has given up hopes of negotiating a settlement of the Shantung question with China at this time.

The opinion was expressed by one source that the Peking government does not have the power to negotiate with other nations, feeling that an uprising would result in the overthrow of the government because of the opposition of the masses to direct Shantung negotiations.

It is learned, however, that despite her failure to secure a settlement of the Shantung question, Japan is confident the subject cannot issue in the Washington conference.

The attitude is taken that Japan is ready to negotiate as soon as China has a government strong enough to proceed with negotiations and enforce the final settlement.

Viscount Kato seems to be leading in favor of appointment as head of the Japanese delegation to the Washington disarmament conference, although Ambassador Shidehara at Washington is being supported with considerable influence for the honor.

It was with an automobile at Thirteenth and Alameda streets. He was taken to the Emergency hospital, where his painful hurts were dressed. Grayner suffered a lacerated wound of his left big toe and a cut on the top of his head.

## Examination for Naval Academy to Be Held

Congressman J. A. Elston has made announcement that an examination will be held at 9 a. m., on October 23, 1921, in the office of the Secretary of the Twelfth Civil Service District, in the Postoffice building, in San Francisco, to determine his choice of candidates for appointment to the Naval Academy at Annapolis. The examination will be open to young men residents of Alameda County, over 18 years of age and under 22 years of age. Candidates desiring to take the examination should communicate at the earliest possible date with Elston, at the First National Bank building, Berkeley.

## Rheumatism Due To Waste Products In The Blood

For Genuine Relief Your Blood Must Be Purified.

As the blood circulates, it has two functions to perform. First, to carry nourishment to all parts of the body. Second, to take up the waste products and cast them out through the proper channels.

When waste products accumulate in the system, they are a menace to health. They cause a lowered vitality, many forms of skin disorders and rheumatism.

There is no disease more painful, for a disease that will lead to as much serious trouble as rheumatism. Genuine relief can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56-page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending complete description of your case. Address: Chief Medical Director, Swift Specific Co., 730 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.—Advertisement.

## WOMEN WOULD SELL SELVES TO HIGHEST BIDDER

SPRINGFIELD, Mo., Sept. 22.—Two women yesterday offered to sell themselves and their services to the highest bidder. The first woman inserted an advertisement in the newspapers here which read: "Will offer myself to the highest bidder in order to support my 'Angel'." The woman has a child aged 5. The other woman offered to gamble on her earnings for one year, offering 2 per cent of her wages for a room.

## Two Women Solicitors For Magazine Sought

The police are looking for two women solicitors for "The Western Coast Veteran," a monthly magazine which is published in San Francisco, who are alleged to have used the name of the American Legion to get subscriptions.

Harry Nelson, secretary of the Oakland Post, No. 5, of the American Legion, told Captain of Police Inspectors Powers Wednesday that the magazine had not been indexed by the local post. He further stated that the Legion would assist the police in prosecuting persons who obtain money under false pretense.

## SOPHOMORES ARE BEATEN AT MILLS IN 'TUG-OF-WAR'

Baby Class at College Proves Its Superiority in Annual Athletic Events.

The freshmen won! The baby class in Mills College proved its brawn and team work yesterday when it sent twenty chosen women into the annual tug-of-war on the athletic field against as many selected sophomores.

The two-score girls dug their heels into the turf and pulled. Twice the newer entrants brought their elbows over their line, and carried away the silver trophy cup. Freshmen women upset the precedent of two years, in capturing the honors from the sophomores.

The "Freshie Twins" were the mascots. They led the student parade across the campus. Miss Dorothy Perryman and Miss Dorothy Davis, garbed as infants and drawing the campus pushcart, preceded their fellow classmates as they circled the field and formed the letter "F" in token of their college division. Sophomores followed with a float in the form of a tug flying the flag

## WATER COMPANY CHIEF TELLS OF SUPPLY DETAILS

Corporation to Remain Neutral in Campaign for Public Ownership.

The importance of the water question in a community's development and the relations between the public utility corporations and the public were discussed by Edwin O. Edgerton, president of the East Bay Water Company at yesterday's luncheon of the Mutual Business Men's Club at the Hotel Oakland.

Stating that the company of which he is the head would remain neutral on the question of public or private ownership when the problem came up to the people for decision and urging an unbiased, nonpartisan, nonpolitical investigation of conditions when a greater supply of water becomes necessary, the speaker stated that his company would not allow itself to be made a chopping block in such a situation, and that lies were told it would refute them.

LOOKING TO FUTURE.

He expressed the keynote of his address as being an affirmative, progressive attitude in the present instead of a concentration of all energies upon a criticism of the past.

He said that the water question is vital to any community from an angle of quantity and purity of the water and safety and continuity of service. Among the important angles touched upon by Edgerton were the following:

Oakland has no natural water supply and the supply the public now uses is the result of conservation. The city now has a ten years' supply of water, and the supply is kept pure by many lines of defense. Among these various lines of defense is included ownership by the company of a large percentage of the watershed lands through which the streams run. This makes it possible for the company to prevent pollution of the streams.

STORAGE AND FILTRATION.

Two other lines of defense for the protection of the public health are storage and filtration. Another precaution is a process by which all bacteria, if any remain after filtration, are killed. The last line of defense is daily analysis of the water by chemists.

The speaker said the people of Oakland are at present getting their water at the lowest possible cost, all things considered. He said that some time in the future a larger supply of water must be brought in and that it is a problem which all the

Eastbay communities must consider as one unit.

He declared that the whole status of the public-utility corporation in its relationship with the public, has changed. Concerning the company he represents as it now stands, he said that there was a complete reorganization five years ago and that the present water company is on an entirely different basis from the old one.

Concerning the affairs of the company, the speaker said that the returns of the company were no more than the rate of interest that could be procured from a safe bond. He declared that there are no inflated values in his company and stated that the objects of the company did not include a desire to "gouge" the consumer.

## ASK THE TRIBUNE Bureau Information

A prospective buyer of land in the Santa Clara valley writes from Portland, Oregon, as follows concerning alien poll tax legislation:

"Please advise as to the status of the California alien poll tax of \$10. We intend taking land in the Santa Clara valley, but wish to know first if we are to have this tax levied on us. We are a white family."

The alien tax law has been declared unconstitutional. It is not necessary for aliens to pay any poll tax.

## SCOTTI'S STARS ARE BRILLIANT IN 'ZAZA' RENDITION

Farrar, Kingston, Gentle and  
Straciarri Win Laurels  
in Melodious Opera.

By ROY HARRISON DANFORTH.

No one with half a soul could  
have gone displeased away from the  
Scotti company's presentation of  
'Zaza' in San Francisco last night.  
There are only two previous local  
performances with which to com-  
pare it, but it stood so squarely on  
its own feet that it needs no com-  
parison. It was as nearly flawless  
as any performance of the present  
season, and that goes for its minutiae  
as well as for the work of the chief  
performers.

In a nutshell, Geraldine Farrar  
sang all around her Tosca, Riccardo  
Straciarri, with less opportunity,  
equalled his Figaro, perhaps excelled  
it. Morgan Kingston established  
himself high in our regard, and Alice  
Gentle, in a character part, brought  
it to a surprising prominence. Gen-  
aro Papi conducted like a man with  
brains, musical and other kinds.  
The increasing popularity of  
'Zaza' each time it is produced  
seems destined to efface our earlier  
impression of Ruggiero Leoncavallo  
as a man of one opera. 'Pagliacci'  
stood for so long as the only im-  
portant product of his wits that he  
achieved a reputation like Mascagni's,  
but unlike Mascagni, he seems to be,  
in 'Zaza' at least, escaping from it.  
'Zaza' is not as perfect as his  
earlier production. It has many mo-  
ments of trivial music, moments  
when the story seems quite to escape  
from the music and proceed without  
much reference to it. Yet there are  
enough other times of beauty to  
rescue it. Nor are these few set  
arias alone, since the recitative in  
many passages, the treatment of the  
rather simple motives and the irre-  
pressible richness of melody show  
Leoncavallo was far from written-out  
when he launched upon it.

NEW VIGOR IN VOICE.  
Miss Farrar was a Zaza of un-  
wavering charm. It was a well  
studied Zaza, pictured accurately in  
its development from the half-de-  
ceivable, half-angelic, redeemed  
person of the last act. Apparently  
recovered from her indisposition of  
the earlier part of the week, she  
sang better. There was less show  
weariness in her voice and its dra-  
matic potency had a new vigor and  
persistence.

It was Straciarri who won the  
greater applause of the evening, and  
for as delightful a bit of singing as  
we have heard. 'Buona Zaza, del  
mio buon tempo' is, indeed, a song  
to stir any baritone. And Straciarri  
is a sufficiently capable baritone to  
know what to do with it after he is  
stirred. His voice was rich, full,

## ARMENIAN GIRLS, WHITE SLAVES, LEAGUE IS TOLD

GENEVA, Sept. 23.—The al-  
legation that at least a thousand  
Armenian girls who were carried  
off to Turkish harems were ulti-  
mately sold into white slavery  
throughout the world, was made in  
a report presented to the league  
of nations assembly today by  
Mlle. Avogadro of Rumania. She  
was head of a committee which in-  
vestigated the deportation of  
women and children.  
Her report said it had been  
learned that the Turks, after car-  
rying off the Armenian girls to their  
harems, doped them with opium  
to weaken their will and to kill all  
desire to return home.

## Police Stars Given 28 New Officers

Twenty-eight new patrolmen will  
become members of the Oakland  
police department today, being cer-  
tified today by the Civil Service Board.  
Twenty of them are already serving  
as temporary patrolmen and suc-  
cessfully passed the civil service  
examinations.  
The list of patrolmen, in the order  
of their rating at the examinations,  
is as follows:  
C. R. Flint, E. P. Murphy, A. J.  
Morganthau, W. E. Atkinson, J. A.  
Goodrich, H. E. Sherbourne, J. D.  
Fitzgerald, Ira P. Reedy, Harold  
Hogarty, G. W. Smith, J. C. Chris-  
tiansen, G. H. Driscoll, A. S. Simp-  
son, George McHugh, A. E. Page,  
W. L. Waters, E. E. Perkins, Lee  
Newell, F. J. Curran, J. H. Tusher,  
T. R. Smith, C. R. Miller, C. E.  
Loebbing, J. H. Wilson, Erhan  
Allen, R. M. Ogan, G. W. Purdee  
and D. C. Whipple.

steady, pure in tone, resonant. It  
carried, beside, a tremendous emo-  
tional appeal that thrilled even when  
he had ceased. I think the aria  
could not have been better given.  
And it was only typical of what he  
did throughout the opera.

## PULITZ AND GRACE SHOWN.

Kingston's Dufresne was a  
thorough piece of business. It was  
sung in a voice of much force, yet  
tempered with a delicacy that was of  
continuing charm. Its aria at the  
opening of the third act was of un-  
usual beauty, perhaps a bit senti-  
mentalized, but vocally of admirable  
purity and grace.  
Alice Gentle's voice was almost  
startling as she sang Zaza's mother.  
The part is pure opera bouffe, and  
one could forgive ragged vocalism  
from pure force of habit if it were  
well played. But Miss Gentle's sing-  
ing never is ragged. The vibrancy  
and warmth of tone which is insepa-  
rable from her voice was in con-  
stant evidence. A fine quality of  
an adorable little role—and the  
audience very evidently loved her.  
There was no poorly sung part  
in the opera. Myrtle Schaaf, Greek  
Evans, Mary Mellich, Fenietto  
Wakelield and Angelo Bada were  
particularly to be noticed.  
'Alida' will be sung tonight with  
Louis d'Angelo, Alice Gentle, Olga  
Carrara, Jose Paret, Italo Pich,  
Greek Evans, Giordano Patrineri  
and Anna Rosella in the cast.

## TARKINGTON TALE OF CHILDHOOD IS TRIBUNE FEATURE

First Installment of Story to  
Appear in Next Sunday's  
Paper.

'The Oriole,' by Booth Tarkington,  
is the next fiction masterpiece  
by famous authors to be featured in  
The Oakland TRIBUNE.  
'The Oriole' is one of Tarkington's  
best children stories. How the  
young folks ran a newspaper, how  
they edited it and wrote poetry for  
it and the mess they got into over  
it—these constitute the interest in  
the first installment, to be pub-  
lished in next Sunday's TRIBUNE.  
The story will be run complete  
during the week following. The sec-  
ond installment appearing Monday.  
It will end Saturday, thus giving  
readers of The TRIBUNE the full  
story in a single week.  
The Sunday TRIBUNE also will  
contain a complete short story,  
'Nooning at the Devilbark,' one of  
Holman Day's best, in addition to  
other interesting features, and the  
third installment of Frank L. Pack-  
ard's thrilling detective story, 'From  
Now On.'

## Evening Poultry Class Organizes

In accordance with the 'Rules for  
the Administration of the Evening  
Clubs,' received from the Board of  
Education, former students of the  
Fremont High school night poultry  
class have held an election of of-  
ficers. Dr. C. M. Selfridge was  
chosen as president and Mrs. Zetta  
Rogers secretary and treasurer.  
George L. Hensley was unanim-  
ously chosen as teacher by the class as  
a mark of appreciation for his in-  
struction and advice during past  
terms.  
At a later meeting of the club an  
increase of nine members was re-  
ported. An invitation to visit and  
join the class is extended to all  
those interested in poultry. Meetings  
are held every Tuesday evening at  
7:15 o'clock at Fremont High  
school, Forty-seventh avenue and  
Foothill boulevard.

## Fremont School to Give One-Act Comedy

'Made Marriages,' a one-act  
comedy, will be presented at the  
semi-annual open house at Fremont  
High tonight at 8 o'clock by the  
Junior Festera, a dramatic organi-  
zation of that school.  
Selections by the pipe club and  
addresses by Mrs. Thurston, presi-  
dent of the Parent-Teachers As-  
sociation of Fremont, Mr. Moore-  
head, dean of girls, and Mr. Brase-  
field principal of the school.

## THE NEW WORLD COURT.

By many tests an International Court of Justice is the most important advance made in the intercourse of civilized nations. That is, it is potentially the most important. Experience may prove disappointing, but the start is favorable. The court has been established at a time when the terrible experiences of war are still fresh in the minds of the people of the world, at a time when hope and fear support confidence in the efficacy of a tribunal of justice. So far as popular sentiment goes, therefore, the time is propitious for the establishment of the court.

An examination of the personnel of the tribunal provokes a few disturbing questions, but they are not overwhelmingly depressing. A way will be found, no doubt, to answer them calmly and judiciously.

The judges of the court are as follows: John Bassett Moore, United States; Viscount Finlay, Great Britain; Dr. Yorozu Oda, Japan; Dr. Andre Weiss, France; Commendatore Dionisio Anzilotti, Italy; Dr. Ruy Barbosa, Brazil; Dr. B. T. C. Loder, Holland; Antonio S. De Bustamante, Cuba; Judge Didrik Nyholm, Denmark; Dr. Max Huber, Switzerland; and Dr. Rafael Altamira y Crevea, Spain.

The four deputy judges are Demetrio Negulescu of Rumania, Michailo Jovanovic of Yugoslavia, Mr. Wang of China and Judge F. V. N. Reichmann of Norway.

Upon this tribunal will fall the task of rehabilitating international law and of giving to precedent, accepted practices and covenants between nations a vitality they have never possessed. The views and academic and professional training which each of the judges will be guided by therefore assumes importance in these early days of the formative period of the court.

Only two of the judges belong to the Anglo-Saxon school of law. They are Dr. Moore of this country and Viscount Finlay of Great Britain. The group attached to Roman law is the largest and is composed of Dr. Weiss, Commendatore Anzilotti, Dr. Barbosa, Dr. Bustamante and Dr. Altamira y Crevea. That is five definitely in the Roman law group and they are supported by the following judges who have a distinct leaning toward Roman law and away from the Anglo-Saxon—Dr. Huber of Switzerland and Loder of Holland and Judge Nyholm of Denmark. Dr. Oda of Japan, the Oriental, has no historic preference for either of the Caucasian systems.

The Council of the League of Nations has made no secret of the fact that it was discouraged by the success of the coup of the Latin group of Nations to put over their bloc of judges for the international court.

There are important distinctions between Anglo-Saxon and Roman law. Personal liberty and public order always have been better preserved under the Anglo-Saxon common law. "Folk right" and the resultant jury trial by one's peers, the exemption of an accused person of the obligation to testify against himself, belong to Anglo-Saxon jurisprudence, not to Roman practice. In the Philippines the United States found the Spanish version of Roman law repulsive and supplanted it with Anglo-Saxon law.

Curiously enough, the progress of the world toward representative government and personal liberty has been in lands over which the Anglo-Saxon law prevailed. Autocracy and the preserved relics of autocratic systems are in the countries where the Justinian code and the code Napoleon have ruled the administration of justice.

Yet in the new International court we find only two judges representing countries that have developed along Anglo-Saxon lines to eight judges from countries where the Roman theory dominates, with one presumably neutral Oriental.

However, there is no call to cross rivers before they are reached. There is no reason to question the uprightness and intellectual integrity of the judges of the court. Should there be a clash on general principles and doctrines the judges from Brazil, Cuba, Spain, Italy and France probably will stand against reaction as firmly as will Dr. Moore and Viscount Finlay. The Anglo-

Saxon idea is not as strongly represented as the importance of the countries in which it prevails deserves, but fortunately able and experienced judges will be present to defend that idea.

## PROFITS IN FORESTS.

European experience, says *Thrifty Magazine*, proves that in a well-managed forest not only does the timber steadily increase, but the quality improves all the time. Records show that while the amount cut per year doubled during fifty years, not only did the forest capital increase 16 percent, but the amount of the crop increased from 11 to 54 percent. The gross income increased 234 percent and the net revenue over 80 percent.

The idea of managing a forest land for a permanent, continuous and periodic income has been grasped only by a few farsighted men in this country. It can be definitely shown that the financial returns from investments in forest production approximate those from other investment enterprises and that forestry can earn between 6 and 7 per cent, and it is a practical certainty that stumpage values will increase for a long time to come.

Several hundred extra trees like balsam or spruce may be planted per acre and after ten or twelve years they become available as Christmas trees. The profits on Christmas trees would depend largely on transportation facilities and nearness of market. The Massachusetts state forester states that plantations of white pine in that state will yield 5 per cent compound interest, based on 1911 stumpage prices. In Europe, net revenues from two dollars to seven dollars per acre were received before the war on planted forests. It is an absolute certainty that money now shrewdly invested in forest lands or forest plantations will show an excellent return at the end of the rotation, and every owner of land unsited to agriculture might set his idle land to work with the same zeal he shows in keeping his spare cash always employed.

Most government land in this country concerning which there is any hope of seeing treated with an intelligent regard for the future is at present controlled by the federal government. But there is steadily developing a public interest in the care of forested areas and this interest is sure to increase from year to year. The value of timber to an agricultural, or even an urban, district has been recognized and never again will there be such neglect of the forests as has been the case in the past.

Water utilities have been impressed with the necessity of preserving their water sheds, a local example of which may be observed around Lake Chabot, where the Eastbay Water Company has planted the hillsides with new trees and taken the greatest care to preserve the natural growth already on them. State governments have in the last few years given lively attention to this subject and much will depend on State activities in the future.

But there is less certainty about the fate of privately owned timber lands susceptible of being exploited for the lumber that may be marketed. This is an important phase of timber preservation. How may owners be educated to the importance and the means of preserving timbered tracts against complete denudation? Those who realize the extent to which the general public interest is endangered by the destruction of a forest area may ultimately find time to tackle this phase of the problem and it is impossible that they can make some headway.

Negotiations between England and Ireland for a settlement of their political differences seem to have come to a standstill. But the world should not be downcast because of this. Peace between Ireland and England has so long been a myth and the romance of politicians that we have been prepared for such obstacles as the form of procedure which have now been revealed.

A man charged with assassinating another man because of a woman claims his affection for the woman was purely Platonic. The number slain in the name of innocent old Plato makes a long list, and there is a list of liars of precisely the same length.

The question of recognition for Mexico is now beleaguered by the fear that Mexico will not overlook West Virginia and California and recognize the United States.

## PUBLICITY ON THE LINKS

President Harding has won the solid support of the noxious of the athletic and potentes of the putter by declaring for the principle of open Presidential golf scores openly arrived at. Citizens of solid worth and of standing in their communities will long remember and be grateful for the public acknowledgment that Mr. Harding sank his putt on the eighteenth green on the National Links forty-three strokes down to par. They will feel that the moral level of our public life has been distinctly raised by this exhibition of Mr. Harding's prowess.

It is a matter of history that two former occupants of the highest office in the land, and who will be longer remembered in the annals of golfers, were actually declared to share with the public their thoughts and their scores. In those administrations the President was always by courtesy conceded to be the amateur champion of the United States. The President always won, whoever was his opponent. Upon a certain occasion a President and an editor played golf. The editor brought the President in 14 down. The next morning the newspapers carried the news that the President had won hands down from the editor, and when they met at the first tee the editor smiled at the editor on the fact. "Ah!" said the President with a smile as he took the honor for the drive, "you can never believe what you see in the newspapers."

Mr. Harding's confession to 114 for the eighteen holes is a statesmanlike stroke.—New York Evening Post.

## NOTES and COMMENT

Manufacturers and producers organize campaigns to increase the consumption of their product, which ordinarily is natural; but the action of Chicago broom-makers is out of the ordinary. The effect to find that the movies and the automobiles are operating to reduce broom action 100 percent, and have started a campaign to restore the housewife habit to normalcy. A disclosure of an unusual trend of modern life and a suggested novel cure.

The editor of a college paper at the University of California advocates the revival of the rule that students under the influence of liquor shall be barred from college functions. It appears to have been accepted that the rule automatically lapsed with the passage of the light-liquor amendment, upon the theory that the measure of such social qualification would no longer be within reach. Which of course is a pleasant theory, but the college editor seems to have discovered a condition, and in the face of conditions theories sometimes fall.

The young men who go sparking in these times may contemplate with longing the good old days when the old folks went to bed and the rest of the family cleared out and gave a fellow a chance. In this highly progressive era it is difficult to see how it can be inferred from the accounts from Chicago which tells of parents setting a dictatorship to keep tabs on the proceedings. There may be such a thing as too much progress.

It was expected by a certain contingent that the election of an United States Senator in New Mexico would show a trend away from the dominant political party. There must be disappointment in such quarters, for the returns confirm the course of the action that is being pursued by the national administration. A Republican was elected in a Democratic State by an increased majority.

It is very much in the nature of a surgical operation to reduce official salaries, but Alameda has done it. The reduction was incidental to reducing the rate of taxation 30 cents from what it was last year, Alameda wins the record. It is the pioneer in achieving a marvelous feat.

The proposed new Southern Pacific depot would be an undeniable improvement over the present structure—it could be that without any strain at all. It would still be some distance behind such a depot as such a city should have at such a point of entraining.

The bay communities have not yet become perturbed over the El Klux Klan invasion, but some other communities are excited over it. In an Oklahoma procession banners were carried which evinced a purpose to regulate the personal conduct of people. When that stage is reached here notice will probably be taken of this organization.

There is a poet running for office in San Francisco. And with a certain consistency he is formulating campaign literature in verse. At least a poem is printed on him that seems to have a leaning toward the object aimed at. Campaign literature in verse may not be a bad idea. Things may be said of the opposition candidate and charged up to poetic license.

"Tardling sends out appointment list." There is little doubt that the despatch thus headed was eagerly scanned by many Californians—to find that Utah, South Dakota, Nebraska, Montana and the navy department had been remembered, but that California is still on the expectant list.

## SPIRIT OF THE STATE PRESS.

Marlout barley, planted by C. H. Needham & Sons, on a 400-acre tract near Patterson, harvested four sacks an acre more than the kind which has been planted by farmers for so many years. A year ago the same farmer tried it out on 150 acres, and with about the same proportionate gain over a similar tract farmed to ordinary barley.—Brentwood News.

It is stated that it will take several months before the officials can complete the adjustment of the yard shops. This adjustment is made necessary by the reduction in the force because of the lack of this year for old and new work.—Vallejo News.

If Governor Stephens wants to poll any kind of a vote around here he will have to explain to his staff the difference as well as the distinction that exists between Redding and Red Bluff.—Helding Free Press.

California's assessed valuation for 1921 is \$4,822,000,000, an increase of nearly 100 per cent in ten years, according to State Controller Ray L. Riley. No other state can show a record like this.—Sacramento Union.

We have it from a Department of Commerce bulletin that "since the advent of compulsory education in Japan all students have been compelled to read English." This statement might seem to indicate something about Japan's ideas of the future on the American continent if it were not for the fact that many of the Japanese already here show no disposition to learn our language.—Palo Alto Times.

It was a singular thing that a purify league and a gang of cowboys and other hard-boiled citizens in a Wyoming town saw Arbuckle film pictures from the same angle. The first objectors asked the theater manager to withdraw the picture. He refused to do it. The cowboys did it for him.—Stockton Record.

Living models of both men and women will be imported from San Francisco to take part in the Groville fashion show, to be given in the Gardella theater under the direction of local merchants on the afternoon and evening of October 7.—Oroville Register.

## PUT ONE TO WORK AND KICK THE OTHER OUT.

## DUST, UNSUNG BENEFACTOR

"The falling of a thick coating of dust upon a steamer in the Yellow Sea and the attendant darkening of the atmosphere so that sailing was difficult, recently reported in news despatches, is not such an uncommon occurrence in that part of the world, or even in mid-ocean," says a bulletin of the National Geographic Society from Washington, D. C.

"Besides the dust fall on the ocean, which on the face of it seems a joke, there are sometimes yellow rains in the Yukon and red snows in Greenland and other Arctic and Alpine regions," the bulletin adds.

"The yellow rains," because the ground becomes covered with a peculiar fine yellow deposit, are usually found to be caused by the pollen of pine trees, growing miles and miles distant, which is caught up by the winds and carried until their fury has abated, and then dropped. The "red snow" seen in the Arctic is made by a wind-placed deposit of the minute algae, Chlamydomonas, in the nuclei of which are red pigment spots. Other kinds of algae sometimes reproduce in such numbers that they form the greenish deposits seen in fresh water.

"We are all more or less familiar with the popular fallacy that 'it rains tadpoles.' Of course, the thinking man who knows that when the sun cannot vaporize the salt in the ocean and carry it into the clouds, it is impossible for it to pick up a tadpole in any state of its evolution and hold it floating above us long enough for it to grow legs and lose its tail. The appearance of small toads after a rain in summer is very easily explained, as they must keep to damp, cool places when they first come from the water and the rain and consequent dampness of the earth and atmosphere give them more latitude for their adventures than they possessed before the shower.

"Dust, however, the bane of the housewife and the curse of the automobile tourist, plays a vital part in our lives. Though it sometimes seems to suffocate us, without it we could have no rain, as the vapor would not condense and without its power of refraction our daylight would not be so bright, and the coloring of our sunsets would be almost entirely lost.

"The loess of northern China, a fine yellow powder brought by the winds from the desert regions beyond and deposited in places several hundred feet in thickness has been tilled for thousands of years, without any artificial fertilization and without signs of exhaustion. Beds of volcanic dust are to be found in Kansas and Nebraska today, in some places as much as 30 feet in thickness, though there is no volcanism in the past and none at present within hundreds of miles of the deposits. The wind is the culprit or benefactor.

Steamers out in the middle of the Atlantic often have their sails reddened with dust blown from the Sahara, and sometimes the rains of southern Europe are colored by dust from the same source. In 1804 four days of March winds are believed to have spread over Central Europe about two million tons of Sahara dust, most of it falling south of the Alps, but some of it being carried as far as the Baltic Sea.

"Wind-blown dust also gives rise to some interesting phenomena. When dust falls on glaciers or deposits of snow near the mountain tops, every dust particle melts its own way through the ice, sometimes several inches in depth, and if there are a great many of these 'dust-wells' the mountain-climber must watch his step. Use was made of this knowledge by engineers in melting snows pre-

liminary to the building of the New Bergen Railway in southern Norway. "It is probable that no mountain top is high enough above the earth to be entirely free from some dust, especially that thrown out during volcanic eruptions. In a great explosion, such as that of Krakatoa in 1883, dust is shot into the upper atmosphere rather than picked up by it. Dust particles from Krakatoa traveled around the world, some of it completing its first trip in fifteen days. Before this giant shook the world with its mighty upheaving we were ignorant of the winds that prevailed at over ten miles above the earth's surface. The dust so colored these upper reaches that country scouts were able to trace upon wind-tists movements, to record them upon their charts, and to tell us that mighty air streams are flowing twenty miles above our heads.

"Long before meteorologists realized the part played by the dust in the upper atmosphere following volcanic explosions, they recorded as phenomenal and inexplicable certain dense dry fogs that neither abundant rains nor fierce winds drove away. Today we can easily explain them because we know that the 'fog' was really dust in the atmosphere high above the rain and wind clouds. In some places these 'fogs' made the sun invisible until it had risen above the horizon, and colored and reflected the light of the how moon until it appeared as bright as that of the full moon at midnight.

"Beneath the earth's surface the dust plays as fantastic a part as it does above its crust. It mines it increases inflammability and assists in explosion of gases which would otherwise be incombustible, probably acting in the same capacity as the catalytic agent in a chemical reaction."

## THE LUCKLESS FISHERMAN

They laughed when I came home last night  
And said I didn't get a bite,  
They snickered at me, they looked at me,  
And all the fellows asked to see  
The one I'd caught. "Oho!" said they,  
"He's been out fishing all this day  
An' hasn't caught a single thing.  
He never got a fish to string."

They laughed at me, but all their jeers  
Travelled no further than my ears  
'Twas true I'd fished all day without  
Snaring a single speckled trout,  
But what of that? I'd had a day  
That I could loaf and dream away.  
I'd chummed with birds and friendly  
trees  
And been as care-free as the breeze.

**RICE THROWERS.**  
Bull's Eye, the brightly official organ of the Associated Rice Millers of America, is justly agitated over the action of a New York clergyman in barring the throwing of rice at weddings, under a penalty of a fine of \$5, payable by the bridegroom. Just now, the periodical maintains, rice is so cheap that it could be afforded at the simplest wedding, while old shoes, the other time-honored nuptial missiles, are still so valuable that they have to be preserved for the cobbler. The offending parson, says the editor, is not only helping to kill business, but he is spoiling all the romance of the wedding ceremony. Doubtless some auriats will agree with the rice millers, and many non-partisan laymen, especially the younger brothers of brides, to say

## THE FORUM

### LEFT OR RIGHT?

To the Editor of The Tribune:  
According to yesterday's papers the city of Oakland will fight in court the efforts of a certain ferry company to establish an automobile ferry between this city and San Francisco. The news of the determination to fight is entirely credible, for during the twenty years of my residence here this city has devoted more of its resources and energy to destructive fighting than to constructive progress.

Very good reasons for opposing the projected ferry service may exist; if so, it would be better to rely upon them than upon the absurd contention that Oakland is situated upon the "left bank" of San Francisco bay with reference to a line joining Seventh street, Oakland, and the ferry landings in San Francisco.

Any grammar school pupil can decide this question as well as the Supreme court. Considering that portion of the bay south of the proposed ferry route, and consulting a map, it will be seen that Coyote river and Guadalupe river, flowing through the city of San Jose, enter the extreme south end of the bay; that Alameda creek, San Leandro creek, Sausal creek, and numerous smaller streams enter from the east or west side. It is clear to any one that the ultimate destination of the waters discharged by all these streams is the Pacific Ocean, and that in order to reach the ocean they must flow northward across the line joining Oakland and San Francisco; and, therefore, that at the location of the proposed ferry the west bank is the left bank.

## JUST FOLKS:

I'd tested whereso'er I'd willed,  
To me the hum of trade was still'd,  
I'd let my thoughts go wandering far  
To where life's happier glories are;  
I'd whistled like a boy once more,  
And even stretched full length on shore.

To watch the white clouds sail the blue,  
The very way I used to do.

They laughed when I came home at night  
And said I didn't get a bite.  
They seemed to think my luck was bad.  
They couldn't guess the fun I'd had  
And couldn't know that all that day  
I'd been a free man, blithe and gay.  
And though of fish I'd landed none,  
I'd caught the joys for which I'd gone.

nothing of rejected suitors, will sympathize with their point of view. Yet one feels that the rice millers need have little cause for worry. The custom of pelling bride and groom with handfuls of this cereal has come down to us from a time long antedating the appearance of clergymen as we understand them, and it would take a mighty propaganda campaign to eliminate the custom.

If a clergyman is troubled about a mess being made about his church, it is proper for him to assess the bridegrooms for the cleaning, for messes are made to be assessed. But if he is merely fussy about guests serving his eyesight and his hearing, his advice would be to wear goggles and stuff his ears with cotton, rather than incur the wrath of the out-of-bound folk who manage the proceedings at weddings.—New York Sun.

## About YOUR HEALTH

How Warts and Moles Really Ought to Be Treated.

By ROYAL S. COPELAND, M. D.  
Commissioner of Health, New York City.

It is natural to wish for a smooth and clear skin. Young folks, especially, are very sensitive about blemishes of the face and hands.

An otherwise fair and perfect face may be marred by an unsightly mole. A beautiful hand may be spoiled by a great, rough wart.

Moles are usually birthmarks—"mother's marks," as they are called. That is, the skin defect is present when the baby is born. Generally they grow larger as time passes. Coarse hairs often grow out from the center of the mole and contribute to its beauty-spoiling qualities.

Moles vary in size from the head of a pin to the size of the hand. They may appear anywhere on the body. They are brown or almost black in color. Almost always they're covered with hair.

In and of themselves moles are of no consequence. The trouble about them is that in advanced life they may degenerate and develop into malignant growth. On this account it is wise to have them removed, especially if they show any tendency to increase in size.

Small moles may be removed by the electric needle. The X-ray, radium and "diode snow" have been successfully employed in getting rid of moles. All these methods of treatment must be applied by someone who is expert in their uses.

A large mole may be carefully cut out and the edges drawn together. This sounds formidable, but really it is a trifling operation.

I have told you that moles are congenital defects, but warts are not like them. Warts appear long after birth.

There is a popular idea that warts come from playing with toads. A toad is such an ugly, wart-covered little beast that it is no wonder people have thought it capable of conveying some horrid disease. Like a lot of other "popular ideas," this, too, is untrue.

Children—especially boys between 10 and 16—are peculiarly liable to warts. It is probable there is a germ of some sort responsible for their appearance. It may be planted in the site of a trifling injury and thus get a start.

Warts are of little consequence in children except insofar as they disfigure the hands. In old people they may degenerate like moles.

If the wart is very small it may be clipped off with sterilized scissors and iodine applied to the base.

Sometimes salicylic acid is effective. It is applied in alcoholic solution or it may be dissolved in collodion and then painted on the wart. It takes some time to get results from these daily applications.

The electric needle, the X-ray, radium and "diode snow" are used by the skin specialist.

Cleanliness is of the greatest importance. Sometimes an abundance of soap and water, followed by drying and the use of some powerful such as alum or boracic acid, may be helpful.

Left to themselves, wart sometimes disappear as if by magic. This tendency to spontaneous cure gives foundation to the virtues of certain mysterious rites which are "guaranteed" to cure.

## COUNCIL ACTS IN SIX MINUTE FERRY FIGHT

Resolution Directs City Attorney to "Take Any Necessary Action to Prevent Unlawful Acts" on Waterfront Lands

As a result of the Six-Minute Ferry Company winning its right in San Francisco to operate a trans-bay ferry and, by inference, the right to condemn property on this side of the bay, the Oakland City Council this morning adopted a resolution directing the city attorney to "take any necessary action to prevent any and all unlawful acts by the Six-Minute Ferry Company" of western waterfront lands hitherto leased to it.

The lease was that consummated by Commissioner Soderberg with the Six-Minute Ferry Company. It gave the ferry company the right to improve the now submerged waterfront lands just west of the Albers wharf, on the north end of Oakland pier, and the foot of the Seventh street extension.

**LEASE WAS CANCELED.**

When the new administration came in it advocated Fourteenth street for a ferry. It said the ferry must come to Fourteenth street or not come at all. The seventh street lease was canceled by the city. The Six-Minute Ferry Company thereupon went to San Francisco and started its offensive from that point.

Today's action by the Council, it is admitted, is a preliminary to a possibly long and involved legal battle. Attorney W. H. Morrissey, for the ferry company, who has been at City Council meetings several times recently, said he was trying to hold a conference with Mayor Owen as a last attempt to "settle this matter amicably." The conference has not yet been held.

**EXPLAINED BY MAYOR.**

"Everybody knows our stand in the matter," says the Mayor. "We have been reiterated time and again. We do not want an auto ferry in the midst of a huge network of tracks, electric lines, main-line trains, industrial sidings and everything else. We do not want to pay any \$200,000 or \$300,000 for an overhead or underpass to cross those tracks, as we have to have it do in the end. Fourteenth street is the place for the ferry."

"We are trying to reach an amicable understanding," insists Morrissey. "If we have to take over action we will do it, but we do not wish to fight and we hope that this thing can be cleared up to the satisfaction of all concerned."

The Council this morning added to the industrial potentialities of the waterfront by ratifying the sub-lease of two acres of land now held under the Farr lease. The new sub-lessee, the American Petroleum Company, intends to erect a tank-house and all conveniences for a big oil depot.

## U. C. Girls Must Share Honors, Is Students' Decree

MISS KATHARINE ULRICH, who keeps a check on the activities of co-eds.

## Co-eds Who Threaten to Become Too Popular Have Restraint Put About Them.

BERKELEY, Sept. 23.—Too many activities for one girl and not enough for another, is an arrangement not wanted on the university campus.

New limitation of activities outside of the classroom has just been voted by the women students. Girls cannot be "too popular," according to the edict of the women leaders, to the detriment of classroom work and their health. Neither can all the honor positions on the campus be cornered by a single group of co-eds, say those in charge.

Miss Katharine Ulrich, senior student chairman of the women's "point committee," which regulates all activities outside of the classroom, has charge of enforcing the rules. The "point system" includes athletic, committee work of all kinds, participation in dramatics and practically all campus activities.

## St. Mary's Students To Give Dante Play

Student players of St. Mary's College will present "Dante, the Writer," Brother Leo's drama, in the Oakland Municipal Auditorium opera house this evening. The play was written to commemorate the sixteenth century of the great Italian poet.

The story deals with dramatic incidents in the life of Dante, who died six hundred years ago, this month in the little Italian city of Ravenna, a hopeless failure from the world point of view. Leo A. Cunningham takes the part of the Florentine exile whom the judgment of six centuries has given a place among the great literary geniuses of all time.

## Man Carrying Tools Held As Burglar

Jack Burke was today charged with burglary by Police Inspectors George Burbank and Alex Trotter. Burke was arrested yesterday at Lakeshore avenue and Cottage street with tools under his arm, which, the police say, were taken from a building being constructed in the neighborhood by Charles H. Elrod, 3532 Telegraph avenue.

## MAN ANNOYED GIRLS.

John J. Sampson, laborer, was sentenced to sixty days in the city prison this morning by Police Judge Edward J. Tyrrell for annoying two small girls.

## EIGHTY ASK CITIZENSHIP; RECORD SET

Largest Naturalization Class in Alameda County Puts in Applications; Many of Them Listed As "Enemies"

Eighty men and women, citizens of other nations, today sought to prove their eligibility as citizens of the United States. This is the largest naturalization class in the history of Alameda county. Several years ago a class of 75 aliens applied for citizenship.

Several of the would-be citizens examined by Federal Naturalization Commissioner Fred N. Littleton, before Superior Judge Lincoln S. Church, were registered during the war as "enemy aliens," while a number of others registered as aliens to escape army service. Littleton declares. Naturalization of the latter will be opposed because of their efforts to evade military duty, but by far the largest proportion of the big class will be granted citizenship papers.

The following alien residents of the county made up today's class: Wilhelm F. Schreiber, Joseph A. Baptista, Herman A. C. Kaufman, Francis X. Cacharte, Theodore Anderson, Harry C. Nelson, John Stark, Axel Wareskjold, William H. Picard, James W. Brazier, Luigi A. Rossi, Arthur Chapman, John H. Scheele, Bell John Lohiluoma, Thos. J. Walsh, Carlos Q. Lomba, Rasmus J. Rasmussen, Cornelius Hurley, Philip F. Stokes, Leonard Thomas, Carl Schnapp, Marion Alameda, Francis M. Madsen, Augustus Natern, Stanley H. Kirkland, John Voithuis, Thomas J. Aldridge, Adam Labay, Steve Ritter, Giovanni Becchio, Fredrick A. Dargem, Jacob Grundt, Carl O. Dahl.

Carl A. Anderson, John F. Gersten, Miss Marie L. Buhler, Carl W. Rudberg, Miriam Vartanian, Edmond Mulhill, Stefan Vazovsky, John Strasskiewitch, Auguste Costa, Peter Pedersen, Peter P. ## Theater Will Change Program Every Friday

Departing from the usual custom, the bill at the American theater will be changed tomorrow in case of Sunday. House Peters will be seen in "The Invisible Power," an adaptation of Charles Kenyon's play, "The Alibi." A second feature will present Earle Williams in "Bringing Him In," a story of the Canadian Northwest. Tonight's performances will conclude the engagement of the Rupert Hughes success, "The Old Nest."

## CENTER TO ENTERTAIN.

Students registered in the department of economics in the University of California will be guests of Alameda County Health Center on Tuesday afternoon. A tour of inspection of the institution at Thirty-first and Grove streets will be followed by a program on health center activities.

## ODD FELLOWS TO DANCE.

Golden Rule Entertainment, L. O. O. F., will give a social dance in honor of the retiring district deputy grand patriarch, G. C. Hazleton, at L. O. O. F. hall, Eleventh and Franklin streets, this evening. Good music is promised those who attend. Refreshments will be served during the evening. All Odd Fellows and Rebekahs are invited to attend.

## S. F. CHINESE SHOT, KILLED AS HE SLEEPS

Resignation From Tong Said by Police to Have Caused Assassination; Three Guns Found Near Crime Scene

SAN FRANCISCO, Sept. 23.—Shot by assassins as he lay sound asleep in his room in the lodging house at 912 Grant avenue, out of revenge, it is believed, for his endeavoring to escape the consequences of membership in a highlander tong, Lee Yuk Leong, 41 years old, was instantly killed early today.

The slain man, who is a member of the Lee family, prominent in the Chinatown affairs, and had been employed as a porter at 808 Kearny street, the Palm hotel. He and his brother, Lee Wing, roomed together, one in the hallway of the third floor, one on the steps leading to the second floor and a third on that floor itself.

Seven shots had been fired into Lee's body. An investigation by detectives resulted in the information being obtained that Lee Yuk Leong had resigned from the Hon Sing tong at a time when the committee was engaged in a highbinder war with the Suey Sings. It is believed that either the Hon Sings or the Suey Sings may have had a grudge against him by reason of this action.

The Hon Sing headquarters are directly across the street from the place where the shooting took place.

## Post Plans Dance To Purchase Colors

With the object of procuring funds to purchase a set of post colors, Lieutenant Waterhouse Post, Veterans of Foreign Wars and the women's auxiliary of the organization will hold a dance tomorrow evening in Woodmen's hall, Fruitvale.

Coffee and doughnuts will be served. Decorative arrangements are being made by a committee selected from the membership of the post.

## Vanguard of Duck Army Wings Way to Haven Here

The ducks are here. Oakland's regular annual duck mobilization on Lake Merritt officially began today, when the tiny vanguard of the 1921-22 flock of wild fowl flew into the north-eastern end of the lake, where the space is reserved for them. There were about six ducks in the first flock.

It was noticed that the new arrivals did not bother to go to the western or southern end of the lake. They headed straight for the place reserved for them, where the city of Oakland has furnished free provisions for years.

The ducks, according to Superintendent Lee Korfott of the park department, have apparently passed the word around that there is no use going any place else, for the new flock didn't even hesitate.

Each duck alighted in the water behind the duck-boom, folded its wings and then looked expectantly toward shore, where the grain bags are opened every day by city employees.

Within the next two weeks the main body of ducks is expected to arrive.

Landscape architects and others of the park department are considering a new arrangement of duck-booms which will allow boats to land at the embankment on Grand avenue hereafter.

Hitherto this landing has been kept sacred from boats, but as Architect Howard Gilkey says: "What is the use of having a boat landing with grain columns and everything, and then keeping boats away from it?"

## SIERRA HIGHWAYS TO BE KEPT FIT FOR AUTO TRAVEL

**Show Plows to Make Mountain Resorts Accessible Regardless of Weather.**

Open roads for motorists over the Sierra mountains throughout the winter was forecast by Carl S. Hoag, field secretary of the Lincoln Highway in addressing the Lincoln Highway Good Roads and Automobile Committee of the Oakland Chamber of Commerce at luncheon in the Hotel Oakland today.

The bar to winter automobile touring into the San Francisco bay district and the bugbear of California motorists will be swept aside by snow plows, Hoag announced.

The first plow will be plunging into the mountain snowdrifts in six weeks, he said.

The plow is being constructed by C. L. Best, the tractor inventor of San Leandro. It will be attached to the forward end of one of his tractors, which will have a rotary plow eight feet in diameter that can throw snow in any direction and can work equally well standing or in motion.

Designed primarily to keep the roads open to the high Sierra resorts, the plow, Hoag predicted, would bring millions of winter motor tourists into this section.

Hoag explained the origin of the idea of the snowplow, saying that the resort proprietors complained to him on a recent vacation in the Sierras, that the annual snows cut into the annual returns on their investments. Anita Baldwin said she would spend \$1,000,000 on her father's property, if she could be assured of open roads all through the year.

"Unfortunately, the people of this section," Hoag said, "have no other sympathies involved in a controversy over the comparative merits of the Lincoln Highway through Nevada and the so-called 'Northern route.' Happily for you people that controversy now seems in a fair way to be silenced for good and all."

The Lincoln Highway through Nevada is a good road—as good as a road as any motorist would wish to travel over. The dreadful Fallon sink is a sink no longer. A road which has been graded over it last Monday (September 19) and it will be completed this year."

## Pioneer Pastor to Be Buried Tomorrow

Funeral services for Rev. George Frederick Rosenmuller, pioneer clergyman, will be held tomorrow morning from St. Peter's church, Lawton avenue and Broadway. Interment will be in Mountain View cemetery.

Rev. Rosenmuller, who was born in Dayton, Ohio, he has held many important posts in the church. He was 73 years old.

Headed by Mrs. Helen Martine Rosenmuller, he is survived by four daughters, Mrs. Berthold Wuth, Berkeley; Miss Mary K. Rosenmuller, Detroit; Miss Helen K. Rosenmuller, New York; and John M. Eideley, Norfolk, Va.

Some of the latest railway locomotives, yet manufactured in the United States are used in the island of Java.

## Oakland Pastor Will Preach To Thousands Via Wireless

**Tribune's Radio Set to Be Utilized in Sermon Experiment October 2.**

Away back in the early history of Alameda county, or that portion of California which is now Alameda county, it is recorded how two Oakland ministers so arranged their Sunday schedules that they were enabled to preach the gospel from as many as ten pulpits in one day.

Starting at Oakland, one of these ministers wound up at a little settlement which has since been called Livermore. The other journeyed toward San Jose. These two ministers spoke to several hundred people in the course of a day.

But the change in the world that man has wrought by his desire to invent something new and different has so modernized things that in this day and age nothing seems strange.

On Sunday, October 2, in the brief space of thirty minutes, Rev. H. A. Van Winkle, pastor of the First Christian church of Oakland, will speak to many thousands of persons scattered throughout Northern California.

His voice will not only be heard in San Jose and the southern points, but at Jackson, Amador county, a congregation in the Christian church will listen to his sermon, which will be heard simultaneously by Rev. Van Winkle's own congregation.

**TALKS FROM HOTEL**  
Rev. Van Winkle will speak from the eighth floor of the Hotel Oakland, delivering his sermon into the mouthpiece of the TRIBUNE'S wireless telephone set, operated by P. D. Allen, wireless expert. The wireless set will transmit the sermon to 500 wireless telephones throughout Northern California.

In Texas places macanovoxes will listen to the sermon as though Rev. Van Winkle were speaking to them from their own pulpit, although in other battle cities he will be from 200 to 300 miles away.

Out at sea somewhere the sermon will be heard by the sailors on board the super-dreadnaught California and other battle cruisers. There is no limitation within the State on the wave length of the instrument which will transmit the sermon, depending on atmospheric conditions. But recently the TRIBUNE'S wireless news service was heard at Boise, Ida.

Arrangements are being made in every town or city where there are amateur wireless operators equipped with magnifying coils and antennas installed in some church, where the congregation may enjoy the novelty of hearing Rev. Van Winkle's sermon by wireless telephone.

**TRIBUTE ON DISCOURSE.**  
The subject of the sermon will be "The More Perfect Way," which will have to do in a small degree with the so-called faith healers, and which will deal with faith and its effect on the mind and body.

Never before has a sermon been delivered to more than one congregation at the same time. Almost every other conceivable means of exploiting the possibilities of the wireless phone has been resorted to, but the TRIBUNE is the first to conceive the idea of broadcasting a Sunday sermon.

P. D. Allen, who operates the TRIBUNE'S wireless telephone, and supervises the sending of the news bulletins, will be in charge of the

arrangements for the transmission of Rev. Van Winkle's talk. A list of the churches where the sermon will be heard at 11:30 o'clock on Sunday, October 2, will be printed at a later date.

## Alameda Elks Win Ritualistic Prize

ALAMEDA, Sept. 23.—Alameda Lodge of Elks won the ritualistic contest of the bay region last night, when the members of "1015" defeated the teams from San Francisco and San Rafael with an almost perfect score. Alameda finished with a score of 99.598. San Francisco had 99.514 and San Rafael 99.100, one of the closest finishes that has been recorded in these elimination ritual contests.

Through the victory over San Francisco and San Rafael, Alameda is placed in line to meet the winners of the Central and Southern California districts at the grand convocation in Santa Cruz on October 6. The other teams remaining in the battle are Sacramento, Bakersfield and Pasadena. The winner of the contests becomes the holder for one year of the Ray Benjamin Ritualistic cup.

## Charge of Beating Policeman Fails

Tony Borzoni, accused of beating Policeman Lee Martindale in a fight in the Majestic dance hall, was found not guilty yesterday afternoon by a jury in Police Judge Edward J. Tyrrell's court. It was shown in the testimony that Borzoni had been struck over the head by Martindale with a club, because he raised his hand as if threatening the policeman. The men rolled downstairs and out on the sidewalk during the fight.

## EASTBAY SENDS MANY DELEGATES TO SOLDIER MEET

**Reunion of Ninety-first Division in Los Angeles to Open Tomorrow.**

The second annual reunion of the Ninety-first (Wild West) division will convene in Los Angeles tomorrow morning. Hundreds of ex-service men, former members of the division which served with distinction in France, will leave Oakland tonight for Los Angeles. They will represent practically every city and town and community in the Eastbay district. Southbound trains throughout the day carried men en route to the reunion.

The reunion will be officially opened tomorrow at 8 o'clock with the establishment of divisional headquarters at the clubrooms of Los Angeles Post No. 8, American Legion, at Third and Spring streets. At 11 o'clock practically all those who will have reached Los Angeles at that hour will turn out in a body, accompanied by a band, to greet the San Francisco and Oakland delegations when they arrive at the Pacific Electric depot.

**UNIT BANQUETS.**  
Following the arrival of the northern delegation, separate unit banquets will be held at the Roma Cafe, the Alexander Hotel, the Los Angeles Athletic Club, Paulina's Cafe, and at Janine's Tavern.

The units that will be represented, and which composed the Ninety-first division, are: 391st Infantry, 362d Infantry, 346th M. G. Bn., 347th M. G. Bn., 348th M. G. Bn., 363d Infantry, 331th Field Hospital Ambulance, 361st Supply Train, Military Police, Division, 31st Troop, Division, 31st Detachment, 31st Engineers, 346th Field Artillery, 347th Field Artillery, 348th Field Artillery, 31st Field Signal Bn., 31st Ammunition Train.

On Sunday the visiting comrades will be escorted by the Los Angeles representatives to the beaches and studios, which will be thrown open for their inspection. At 1 o'clock parade, headed by a divisional band, will be carried in France, will take place through the center of the city.

**OFFICIAL WELCOME.**  
Following the parade the division will be called together for an address of welcome by the mayor of Los Angeles, and by heads of various organizations. Following the reception election of officers for the ensuing year will take place. In the evening there will be a general reception in the municipal park, when all Los Angeles is expected to turn out to greet the division. A dance will follow.

City Commissioners Colburn and Carter will be among Oakland's delegation to the reunion.

## Oakland Scouts to Pay Visit to Antioch

Oakland Pyramid No. 2, Ancient Egyptian Order of Solas, will go to Antioch tomorrow to take part in the first ceremonial of Antioch Pyramid No. 24, which is to be held tomorrow night. The ceremonial will start with a parade from the city hall at Antioch shortly after 6 o'clock. The parade will be headed by Oakland Pyramid's forty-piece band. More than one hundred novitiates will be in the parade, clad in striking costumes. Several officers of the supreme Pyramid will be present. It is stated.

Oakland members will go by special train, leaving Fortieth street at 10:30 tomorrow afternoon, and will return before midnight. The Eastern Star chapter at Antioch has planned an entertainment for the visiting women during the time of the ceremonial.

On Sunday, October 2, members of Oakland Pyramid are to entertain the disabled soldiers at the Palo Alto base hospital, and on Saturday afternoon and evening, October 3, they are to visit the Masonic home at Decoto, in company with Oakland and Rockridge Masonic lodges.

## MANY OFFICIALS OF CITY LEAVE FOR SOUTHLAND

**League of Municipalities and Reunion of Soldiers Draw Delegates.**

Oakland will be officially represented at the second annual reunion of the Ninety-first (Wild West) division in Los Angeles tomorrow and Sunday by Commissioners Frank Colburn and Albert E. Carter and City Attorney Leon Gray.

Carter and Colburn left today following the council meeting. Gray will not be able to leave until tomorrow night.

Seven other city officials left this morning for Santa Monica to attend the annual convention of the California League of Municipalities in that city on Tuesday, Wednesday, Thursday and Friday. The delegates who will represent Oakland at this convention are: Mayor Harry E. Potter, city health officer; Dr. C. C. Wing, city inspector; Harry C. Smith, food inspector; H. J. Anderson, city treasurer; J. H. McCall, secretary of the board of health; Marston Campbell, president of the park board; Frank C. Merritt, deputy city clerk. Carter and Colburn will join the delegates in Santa Monica.

## Ex-Service Men to Be Guests of Post

All vocational students in the Eastbay district, as well as wounded men who are yet in hospitals, will be guests of Oakland Post No. 5 of the American Legion tomorrow evening at a barbecue, entertainment and dance to be staged by the local post at Nelson's Nursery, Twenty-fifth street and Foothill boulevard. The feast and entertainment will begin at 8 o'clock. All wounded ex-service men, who are in hospitals, and all vocational students, and their families are invited.

The barbecue will be served army style, while the dances will be served at tables. The entertainment will consist of some of the best vocal and musical talent to be secured in the bay district. Various stunts and some unannounced surprises will be included on the program. Dancing will follow.

The get-together affair is being staged by the legion as a means of establishing a better liaison between the legion and the vocational students, many of whom are already members of the legion.

## GIRL, 14, ASKS COURT TO VOID HER MARRIAGE

MODESTO, Sept. 23.—Annulment of marriage is sought by 14-year-old Hazel Swenson, through her guardian, John Jones, a brother-in-law. George O. Swenson and the girl were married in Stockton September 12. She gave her age as 18. They were found in Modesto. The girl disappeared on her way to school and was not heard from again until some time following her marriage. Swenson is said to be twice her age.

## Teachers' Institute To Convene Oct. 3

The Oakland Teachers' Institute, as part of the bay section of the California Teachers' Association, will convene October 3, 4 and 5, according to announcement by Superintendent of Schools Fred M. Hunter. Six sessions will be held. All members of the teaching staff are expected to attend the sessions. The institute is a trans-bay affair, with meetings both in Oakland and San Francisco. On the evening of October 3 there will be a banquet of all teachers at the Hotel Fairmont, San Francisco.

## Man in Ill Health Tries to Kill Self

SAN JOSE, Sept. 23.—Discouraged over the reports of physicians to the effect that his health would require him to rest for several months to come, necessitating him to give up his work, George N. Siller, 22, of Salinas, attempted to commit suicide last night at his home there by shooting.

The tempted suicide took place in the home of Siller on the outskirts of the city. His young wife and baby were in an adjoining room.

## Santa Monica Gold Strike Forecast by Assay of Ore

**By FRANK H. BARTHOLOMEW, United Press Staff Correspondent.**

LOS ANGELES, Sept. 23.—What the leading assaying firm of Southern California predicts as the biggest gold strike in the history of the state, surpassing even the great "days of '49," has been discovered in the Santa Monica mountains.

The discovery was made a year ago by two Los Angeles men seeking oil. The year has been spent in constant assays of the ore and surveys of the great vein itself. All activities have been guarded in deepest secrecy until the final assay report was made today, and its findings disclosed to the United Press.

The ore averages \$69.95 a ton, this report says. There are said to be millions of tons "in sight" along the vein, which stretches through the Santa Monica mountains for three miles, varying in width from 25 yards to 3000 yards.

Dr. W. T. Covington, a Los Angeles dentist, and Nick Everett, a desert rat, are the men who will be made multi-millionaires almost overnight if the great ore vein runs "true to form."

The Covington and Everett were trapped by Santa Monica mountains a year ago, searching for oil indications. They became interested in a ledge of shale.

The shale was sent to Denver to be assayed for oil. Gold, instead, was found. More shale samples were sent for assay. The gold average at first was established at \$40 a ton, according to Dr. Covington. Re-checks were secured from two assayers in Colorado and California. The reports are said to have been identical.

## SAILORS ANXIOUS TO MEET GIRLS

Here you are, girls! Who wants a sailor? At the Marine barracks at the Valley Navy yard, sailors are all about to be discharged. Enlisting during the early part of the war, they fought in France, later were returned to the United States, where they found it difficult to immediately adjust themselves to the ways of civil life, and re-enlisted. Now they are about to be discharged. They have no relatives to whom they may confide their personal ambitions, their troubles and with whom they might share the common joys of life.

**PLAINT OF LIFE.**  
The complaint is signed by Clarence J. Lambert, pay clerk at the Marine barracks; Byron P. Wolmer, muster roll clerk; Wilbur B. Barton, company clerk; and Frank P. Novick, first sergeant. It was written by Lambert in behalf of himself and his comrades, and it is as follows:

"When the 'fuss' was finished I found that even my closest 'buddies' had completely drifted apart from me. What it was between us could not be understood. At first I told myself I was merely nervous, and the others being affected also, was the cause of the sudden loneliness that fell about me. I did not know it for such until I stood aside at the gangplank and felt that gone, forgotten and worthless feeling as my 'shipmates' were smoothed into the affectionate embrace of the sweetheart and the weeping happy parents.

"I saw one fellow who was greeted by a big aiken-haired Scotch colle and who, when I came to him, he pointed and whistled my very soul. If only some ragged yellow cur would bow growl or whine or bark at me—but no.

**INDIFFERENT TO JOY.**  
"Days passed and I began to become indifferent to the joys of the others and at Quantico, Virginia, I had my pals with me again but not for long. They left the service to join their interrupted work in civil life.

"I had no plans, no moral support and I was sick of it all, so I remained in the service. A detail was called for; they wanted volunteers for the Far East. At last there was my chance to bury myself in the fragrance of the Orient.

"But after landing out among the uncultured and degenerate races, I found that I had to work and study continually to satisfy the restless spirit of mine.

"By my work I gained advancement and my pay and responsibility increased. It was a false satisfaction and in due time I was returned to the States.

**WANTS TO MEET GIRL.**  
"Now I am about to be discharged from the service. I am tired of the life of a sailor. I want to meet (and here is the whole blamed thing), the right young lady. "I don't know how I'm going to do it all by myself, so I submit this appeal for help to you who are the key to the affections of some one of the fairer sex, for each of us.

"P. S.—Address us at Marine Barracks, Navy Yard, Mare Island, Cal., Guard Company No. 1."

## BERKELEY TO BE ENCOURAGED IN TAX PAYMENTS

**Deputy With Receipt Book to Make Separation From Funds Speedy.**

County Tax Collector Edward T. Planer today announced an innovation in the conduct of the county's tax collections whereby the taxpayers of Berkeley will be able to receive and pay their tax bills without coming to Oakland for the purpose.

Planer said he would have two or three men in Berkeley on November 8 and 9 to give out bills and receive money. City Assessor Squires has volunteered to furnish space in his office for the meeting of the deputies and the public.

Never before has there been any arrangement made for payment of taxes by Berkeleyans in Berkeley, although it has been the custom for years to follow this plan in Alameda. Trips also are made at least once each year to Livermore and other points in the eastern part of the county for the same purpose. Berkeley has the largest number of tax bills of any place outside of Oakland, these numbering about 25,000 each year.

Tax bills for the general public to be delivered at the tax collector's office in Oakland must be ready by October 17, according to law. But Planer said today he believed they will be ready a few days in advance of that time. The first instalment is delinquent December 5.

## Drew Empowered to Handle I. W. W. Case.

Commissioner Colburn of the department of public health and safety today authorized the chief of police, James T. Drew, to handle the case of any trouble arising from the presence of Industrial Workers of the World in Oakland.

"If there is any reason for action," says Colburn, "I want him to act. He has full instructions."

"As long as these invaders are law-abiding we will not interfere with them, but if they are not law-abiding we can have no tolerating. The situation is not serious. So far there is nothing to it and I dislike giving the slightest publicity to the movements of these people. Publicity may be what they crave. I do not know. We know that many of them have arrived in town but that is as far as the matter has gone."

"I have full confidence that the matter will be well handled by the city of Oakland during my absence," says Colburn.

## Rest Room Opens in Central Bank Bldg.

A rest room and library established by Miss Ida Elliott, head of the College of Divine Science, assisted by a group of her associates in religious and social work, have been opened at 407-409 building, Fourteenth and Broadway. Mrs. A. M. Stout, one of the workers, who has been put in charge of the rooms, urges that anyone in need of work, clothing or food, come to that address. The rooms are open from 10 a. m. to 6 p. m., every day except Sunday.

## Mills Club to Offer Shakespearean Play

"Midsummer Night's Dream" will be presented by Mills College Drama association in the one-act play on Prospect Hill, on Friday and Saturday nights, October 14 and 15. The cast is being coached by Mrs. Marian Ling Stobbs, with Miss Elizabeth Rhem Stoner directing the dances. Miss Flora Rouleau is supervising the costuming.

Proceeds from the performances will be appropriated to the Lathrop Moore Hall fund, being raised to build a new dormitory for the accommodations of 100 students on Prospect Hill.

## 14TH ST. OWNERS OFFER CITY NEW WIDENING PLAN

Will Accept Less for Land If  
Assured Big Assessments  
Will Not Be Levied.

"If the property owners we represent could be assured that the amounts to be paid by the city would be net to us and that we then would not have to pay the major part of it back to the city in assessments after losing a part of our land, we would be willing to accept a sum much lower than its value for commercial purposes."

This was a statement today of Attorneys Roscoe D. Jones, Vance McClymonds and others engaged in the fight before Superior Judge J. J. Trabucco wherein the city of Oakland seeks to condemn a strip of ground 14 feet wide on Fourteenth street from Alice to Oak streets to widen the street.

**COMMERCIAL VALUES.**  
Frank J. Woodward, well known real estate man, had testified that his previous estimate of \$24,867 valuation of the C. J. Heeseman strip was based on the assumption that it would be used for commercial purposes. As to its actual value to the city for street purposes, he said, this would be about \$4200. It was pointed out that a certain strip of ground eight feet wide and 90 feet long, used for a market, brings in a rental of \$200 a month, and that a strip 14 feet wide and 150 feet long would be worth more, but that even at \$200 a month this would be 10 per cent interest on an investment of \$24,000. Woodward said the city should not expect to get the property for less than it would be worth to itself, but for what it would be worth to the property owners themselves if used for commercial purposes.

Herman Rittigstein, real estate man, put on the stand by Heeseman, discussed the matter of several damages in connection with the pieces of property that have a depth of only 50 feet and would be reduced to about 45 feet by the cut. He declared this would spoil the property for many uses, such as apartment houses of certain capacity.

**AGAINST ASSESSMENT.**  
Jones said that if his client, Catherine Merritt, could be assured of receiving \$6500 clear for the strip of land from her property, without having to pay back more than half or a large sum as an assessment, she would accept that amount gladly, regardless of the fact that most of the witnesses have declared the value of the strip for commercial purposes to be from \$18,000 to \$18,000 or more.

"The trouble is," he added, "that threats have been made that if the city does not get the property at a satisfactory price to itself it will assess all of the cost of the improvement against the property owners involved, instead of making an assessment district extending into the surrounding community. It is also stated that if the cost runs over \$40,000 to the city for the entire improvement the suit will have to be dismissed. We do not like the idea of someone at the city hall fixing in advance the amount that should be paid for this property. There is a proper tribunal for that purpose."

"If we assessed the whole amount and manifestly with injustice we shall appeal under the recent decision which makes such an action confiscatory in its nature."

## Freshmen Welcomed At Greek Theater

BERKELEY, Sept. 23.—California's "babies" were officially welcomed into the college family last night with the holding of the annual freshman rally at the Greek theater. Dean Frank H. Froese of the college of mining made the official speech of welcome.

The traditional serpentine of classes from the lower part of the campus to the towering blaze at the Greek theater opened the rally. Stunts, yells and songs formed the program. For the first time in college history a special section was set aside for women students, who were led in songs by four white-clothed leaders.

## \$75,000 to Be Spent Enlarging Elks' Club

ALAMEDA, Sept. 23.—Final plans for additions to the Elks' clubhouse were made last night. The additions will cost approximately \$75,000 with \$15,000 more for furnishings and gymnasium equipment.

The building will be of brick and concrete and will contain a stage, auditorium, steam room, hot room, showers, gymnasium and halls. Library hall in the present building will be enlarged to increase the dining room capacity one third. A library will occupy the second floor. The auditorium will have a 1100 seating capacity. The place will have a maple dancing floor and a full gymnasium equipment.

There will be no swimming tank as the cost at present was considered prohibitive. The lodge last year purchased the property extending from the present Elks' building on Santa Clara avenue through to Lincoln avenue.

The local clubhouse is stated to be the most comfortable of any in the United States. The plans for the new addition were drawn up by M. V. Polito, member of Alameda lodge and a San Francisco architect. Work will start shortly.

## Stolen Car Found On Foothill Boulevard

BERKELEY, Sept. 23.—Stolen from College and Durant avenues last evening, a \$3000 automobile belonging to Mrs. C. C. Haggett, 1427 Antonio avenue, Alameda, was recovered this morning on the Foothill Boulevard in Oakland. The car was minus its license plate and had been driven until the gasoline had been exhausted.

## Pioneer Women to Be Given Reception

The Oakland Pioneers will give a reception to the newly organized Pioneer Women of Oakland tomorrow evening in the ballroom of the Municipal auditorium. The entertainment will close with a social dance.

## LAND TITLE MEN ASSEMBLE HERE

Land title men and real estate dealers from all parts of the state gathered today at the Hotel Oakland for the fifteenth annual meeting of the California Land Title Association, which will be in session today and tomorrow.

The meeting was called to order by R. C. Springer of San Diego, president of the state association. Frank P. Doherty of Los Angeles reported on the meeting of the National Association, to which he had been state delegate. A. J. Mount, vice-president of the Bank of Italy, spoke on the "Banker and the Title Man." Attorney Harrison S. Robinson discussed the co-operative relations of the attorney and the title man. "The Farm Loan Bank and the Title Man" was the subject on which Lyndner Cassidy addressed the gathering.

The delegates assembled for luncheon at the Hotel Oakland. Henry Monroe of San Francisco being the speaker of the occasion. He discussed the subject of federal liens.

The following speakers addressed the convention during the afternoon session: Allen C. Stelle, who spoke on "Scientific Employment;" Jarvis Streeter of Fresno, George Hope, Los Angeles, A. E. Crow, San Bernardino, M. L. White, Los Angeles.

## Free Plumbing in Stadium Is Offered

The plumbing fixtures at the proposed stadium at the head of Lake Shore avenue are already arranged for. In a letter of enthusiastic support to the planning of the stadium, W. H. Picard today sent Mayor Davis an offer to donate all the necessary plumbing and fixtures for the municipal stadium.

"My belief in the movement for a stadium in the city of Oakland is such that I hereby agree to furnish free of cost all finished plumbing fixtures that may be required for the comfort and convenience at the stadium and shall be delighted at any time to sign a contract to that effect."

This is the first big donation so far received. Sums aggregating \$3000 have been gained from the stadium ball and the boxing exhibition and Mayor Davis asserts that "if this keeps up the Oakland stadium will soon be an accomplished fact."

## Tailor Found Dead in Chair by Customer

When a customer entered the tailor shop of B. E. Ekburg, 1809 Third avenue, today to have a pair of trousers pressed, he found the proprietor dead in his chair. Death, according to Coroner Grant Miller, who was later notified, was due to heart trouble. Ekburg was 60 years old. He had no family.

## YOUTH STEALS CAMERA.

ALAMEDA, Sept. 23.—A young man described as short and pale entered Ekburg's drug store, 1809 Third avenue, today to have a pair of trousers pressed, he found the proprietor dead in his chair. Death, according to Coroner Grant Miller, who was later notified, was due to heart trouble. Ekburg was 60 years old. He had no family.

## WRIT IS SOUGHT BY ALLEGED REDS

Deputy District Attorney Wade Snook and John G. Lawlor, attorney for four men charged with criminal syndicalism, yesterday matched legal wits in argument for and against a writ of habeas corpus before Superior Judge Lincoln S. Church.

Lawlor sought the release of Howard Weilton, Michael Dunn, James McLaughlin and John Plann, accused of being members of the I. W. W. Judge Church took the matter under consideration and will announce his decision on Saturday.

Two other men, also charged with criminal syndicalism, Patrick Casey and George Ryan, were not represented in court, as they have not applied for habeas corpus.

## Ducks Plentiful In Newman Section

BYRON, Sept. 23.—Ducks are reported plentiful in the Newman-Gustine section. The season opening on October 1 promises good sport in the preserves which have been flooded for some time. Last year a flock of water caused the birds to migrate to the Colusa rice fields.

## FALL FASHIONS ARE SHOWN TO GREAT THROG

Hues of Old Spain Predominate at Public Reception by Capwell Company.

For two hours last night at the annual Fashion Reception given by the H. C. Capwell Company thousands of spectators admired the brilliant and novel display of fall modes. The showing was in a capacity house and the elevated platforms served to give an adequate view of the models. Three floors were opened in display, an augmented orchestra playing throughout the evening.

It was as though one had been transported back to old Spain, so dominant was the chief note in fashion detail marked in the evening and afternoon gowns. The brilliant hues—tomato red, tangerine, vivid greens and blues—filling the all-black gown, its dulceness relieved by the exquisite shimmering patterns of those of sequin. Elaborately embroidered Spanish shawls that were a feature of the costume, the high-hued Spanish comb completed each costume.

**FRINGE IS FEATURE.**  
Fringe on every occasion, it would seem, beaded of silk, some even reaching from the waistline to the hem of the gowns with beaded girdles. The tendency towards the soft chiffons or kitten's ear satins for afternoons is strong together with the cancan crepes and ciepe back satins.

Fall trimmings excel any heretofore, even before the war days, for in them lies the secret of the success of the gown. Beautifully woven panels of beaded nets in gorgeous hues, bronze and black and mahogany, rival the rich brocades, embossed velvets, ciepe Lazarde and metallic brocades. These are correct for the winter evening gown.

Cloth of gold is predominant in the evening hues used with the haters velvet. Transparent picture hats of black silk lace harmonize with the dinner gowns, the lace falling an inch or two below the rim.

**AFTERNOON FROCKS.**  
Afternoon gowns are of fascinating hues in the georgettes and cancan crepes. The new sleeves have a charm all their own, soft and voluminous, reaching to the wrists and caught with narrow bands and ribbons. Silk velvet flowers are used in planning a number of the frocks and from their draping effects are the only trimming. A tangerine cancan crepe was made with rounded necks and long sleeves and with it worn a black silk velvet jacket and a handsome duvetyon gown in fawn shade, a bit of beaded trimming enhancing the skirt.

**SKIRTS NO LONGER.**  
And skirts? Are they longer or shorter? It was hard to determine. Fashion models still kept to the thirteen inches, while exclusive models in the windows were high onto ankle length.

A happy medium was struck in the three-piece suits in the duvetyon, with blue and black or a soft brown the favored color.

Designs in the three-quarter length and simple in design save for the handsome collar and cuffs sets of wolf, Australian opossum, beaver, nutria or seal hair. Another gown of deep blue chiffon, a giraffe of bright blue beads setting off the gown.

There was a black velvet beaded jacket for street wear and a handsome duvetyon gown in fawn shade, a bit of beaded trimming enhancing the skirt.

In ready-to-wear garments, a general decline in prices is noted from the past year or so. Many are even below the pre-war standard.

Domestic goods rival the imported this season, the majority of the finer materials now being made in this country.

Taffetas are the favorite for the "teen" set. Bouffant frocks ruffled, tiered and fluted are shown in the two new or bright shades.

**BLACK SLIPPERS.**  
Against this maze of color always is contrasted the dainty black slipper or pump. Strapped or beaded as the case may be, but always black and with them worn black silk hose.

Children's modes, dancing frocks in the soft velvets and silks, fetching rompers for the kiddies and playtime dresses were a strong attraction.

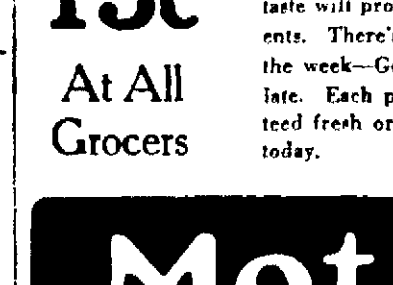

**HOME DECORATING.**

## Husband Fails to Stay On Own "Side" of House

BERKELEY, Sept. 23.—John O'Toole, rapist beater of 2024 Baker street, has the side of the house. Mrs. O'Toole, recently granted an interlocutory decree of divorce, has hers.

Last night O'Toole ignored the boundary line set by Judge A. P. St. Sure in Oakland during the divorce hearing. Mrs. O'Toole objected. The police were called this morning. He appeared before Judge Robert Elder on a charge of disturbing the peace on a warrant sworn to by his former wife. He comes up for trial on Monday.

## Death Car Used by Tong Men Recovered

The automobile used by the two tong highlanders who recently shot and killed Woo Wai, a Chinese, at Twelfth and Berling streets, to make their escape, was recovered yesterday by Police Inspectors Rodie Wallman and Tim Funn in San Rafael. The machine had been left in a riding academy on Third street.

## High School Girl Run Down by U. C. Woman

BERKELEY, Sept. 23.—Dorothy Diegler, 17, high school student, was run down and injured by a car driven by Miss Charlotte Moore, junior at the university, residing at 1744 Arch street, this morning. The accident occurred at Kiltredge and Mill streets.

Miss Diegler suffered abrasions and lacerations of both legs and arms. She was removed to her home, 2544 Elma street.

Miss Moore, who is 19 years old, is the daughter of R. H. Moore, Oakland shipbuilder.

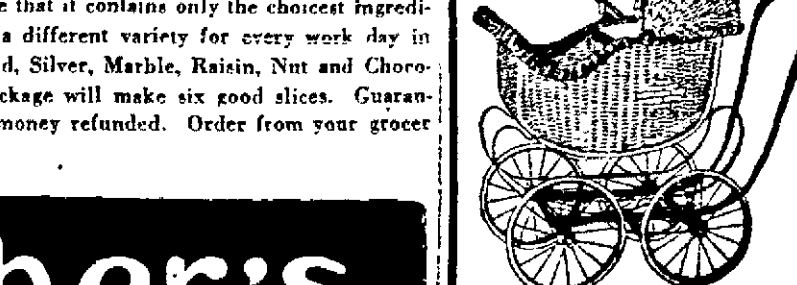

orating department was opened for the first time, and here the rich draperies and cretans were in keeping with the brilliant huge gowns. Fine demonstrations are to be of a brighter hue. Kapook silks, satins, brocades and mohairs and pressed velours for the living room made a splendid showing. Annie Laurie, Dullbury and Alawick pattern in creton were elaborate in design and contrasting with them the soft tones of the new chiffon drapes of Gen-darme blue and gold, or the Tie and Die silks.

## BOY IS INJURED BY WILD DASH OF RUNAWAY HORSE

Children Frighten Horse and Buggy Overturns in Street Gutter.

SAN JOSE, Sept. 23.—Police records revealed horses and buggies still in existence in some parts of San Jose today when an accident in which a small boy sustained a broken arm was reported.

William Moehring, 12, with his father, A. L. Moehring of the Stevens creek road, was riding in a buggy on South Tenth street early last night when suddenly the horse became frightened at a group of children at play in the street and started a lone stampede.

The animal plunged wildly up Tenth street, Moehring making futile efforts to check it. Suddenly it careened toward the sidewalk and on wheel struck the gutter, causing the buggy to overturn.

Young Moehring and his father were both thrown with considerable force from the vehicle. The boy sustained a fractured right arm and hand in the fall, as well as scratches and bruises about the face. His father, however, managed to escape the wreck without serious consequences. The buggy was slightly wrecked and the horse cut and bruised, it was stated.

## False Pretense Laid To Realty Broker

T. J. McKee, a real estate broker, was arraigned this morning before Judge Edward J. Tyrrell on a charge of obtaining money under false pretense. His preliminary examination will be held jointly with his partner, W. J. Culligan, who was arrested last week on the same charge.

They were arrested on a warrant sworn to by Mrs. Victoria Fogg, who purchased the Golden West Annex Rooming House from the two men. The price paid was \$5500. In the deal was involved a mortgage of \$2300, which, she alleges, was to have been paid, but has not been cleared. Both men have been released on the deposit of \$12,000 bonds.

FRIDAY, SEPTEMBER 23.

Martha Cory was hanged for a witch in 1692. It was in 1745 that Isaac Hayne, patriot, was born. He was hanged by the British in Charleston, S. C. Some of the readers of an earlier day will remember the books by "Grace Greenwood." She was in reality Sara Jane (Clarke) Lippincott and was born in 1823. Alexander Davidson, who won fame by making some improvements on the typewriter, was born in 1826. Not knowing what the improvements were one might guess that they designed to prevent a man hitting an "m" when he aimed at an "n." Anyhow, more power to him.

The rainy season's coming on.  
The fog crowds on the morn,  
The summer's ready to roll by,  
Another Autumn's born.  
The days are short,  
The ground is wet.  
The air a misty screen,  
But I don't care  
For see, up there  
The hills are turning green!

The heavy headlines tell the news  
Of triumphs, hopes and crimes,  
Of peace meets, wars and strate-  
gems.

And signs of better times  
The story spread  
Upon the heights  
Has nothing drab nor mean,  
The news for me  
Lies there—for see  
The hills are turning green!

As we enter the building  
each morning we are greeted  
by a sign which reads "No  
Smoking Permitted in This  
Building." It is a good sign  
and it has saved us many a  
headache, but the point is that  
it is posted on the bulletin  
board and right under, is an-  
other which reads "Found, a  
pipe."

HERE'S AN OLDTIMER.  
(From Calaveras Prospect.)  
The bride was beautifully  
gowned in a wedding dress  
of white, the groom was at-  
tired in conventional black.

We know a whole lot of  
newspapermen short story  
writers and others who will  
feel very badly when they  
learn how they have been mis-  
using the word "Mogul." Hon-  
esty might compel nine out of  
ten of us to admit a belief  
that a Mogul is the largest  
thing in locomotives. We  
seem to remember the melo-  
drama scene when the Mogul  
pulls into the Grand Central  
station and a picture of a Mo-  
gul racing an airplane. Ac-  
cording to a railroad man who  
has written to the New York

Evening Post a Mogul is sim-  
ply a type of locomotive, with  
two wheels, four wheels, six  
wheels. It has not been mod-  
ern in large as locomotives  
go for twenty years. The man  
who would speak of the giant  
locomotive and give his sen-  
tence a technical twist, should  
say "the giant Pacific," for  
that is the largest type.

Captain Traprock, the New  
Yorker who was caught in an  
eight-sided storm that was not  
a typhoon or a monsoon, but  
an octopus, and who against  
his will and inclination dis-  
covered the Gilbert Islands is  
receiving the honors of Eastern  
lovers of adventure. The  
captain's book soon to be  
published, is said to contain  
as fine descriptions of the  
South Seas as were ever writ-  
ten out of an entire lack of  
knowledge. At a recent din-  
ner, given in his honor, the  
captain pulled a snake from  
his pocket with the boast that  
it was the fastest snake in the  
world, a claim which Don  
Marquis of the Sun has chal-  
lenged. To show what kind  
of a man the captain is he  
now proposes to have his  
snake race any snake that  
Marquis can produce and the  
whole town is awaiting an-  
nouncement of the time and  
place. The incident is but one  
of a number that would indi-  
cate an organized effort to kid  
the South Seas off of the map.

A San Francisco official is  
quoted as saying "I think it  
is a wrong thing for a wom-  
an's club to do to demand  
that justice be done." It is  
easy however to imagine  
things that might be worse.

San Francisco women who  
object because their children  
have to sit on soap boxes in  
school should remember that  
many a man has gone from a  
soapbox to congress and many  
another to jail.

# ATE OUTLOOK BRILLIANT, SAYS SUPT. OF BANKS

## BRILLIANT, SAYS

financially and economically California presents a brilliant condition, rather than by optimism nor by pessimism," said Mr. Dodge, after the declaration today by Jonathan H. Dodge, state superintendent of banks, that the state's financial and economic values in the state received from San Francisco. The whole country has been suffering from the depression of the California situation has yet come from an authoritative source pointing out that California bank power is greater than it ever has been in its history.

The state banks combined now over \$2,400,000,000. Dodge declares that the state banks are "the strongest, either of over-extended credit or of undervalued assets, specifically, says:

"In purporting the assets of the state banks for purposes of comparison, we find that the state banks there are as strong as \$2,400,000,000, and national banks \$212,000,000, showing that in our total banking power the state banks represent nearly three times the whole and national banks thirty-eight per cent."

In the state banks there is an ag-

the national banks \$509,000,000. Closing that in loans state banks have granted sixty-three per cent

the whole and the national banks thirty-seven per cent. In the state banks there is a magnificent aggregate of \$1,280,000,000 deposits and in the national banks \$583,-
